

Improve your smile – faster and for less.

The **3M[™] Filtek[™] Matrix** is a custom-made device designed to simplify esthetic composite treatment, so you can get the smile of your dreams – **in as little as two appointments!**

First appointment:

Your dentist takes a digital impression of your smile.

Second

appointment:

Your dentist uses the custom-made Filtek Matrix and you leave with a new smile.

Ask your dentist to learn more!
