**3M™ Sprayable Adhesives Cylinder Format - Equipment Downtime  
Notification**

Dear Valued Customer,

3M is planning an upgrade to our cylinder filling line, which will take the equipment offline for four weeks from approximately the end of June 2023 through the end of July 2023. In preparation for this shutdown, we are building inventory of “make to stock” items to minimize disruption to customers, using historical sales and forecasted opportunities to predict volume needs.

Due to storage limitations and to deliver make-to-order items, we are asking key customers to order ahead and receive orders prior to the shut-down to minimize business disruptions. Please place orders, including future dated orders, to cover the downtime period for all large, intermediate and jumbo cylinders for the attached list of products. We will be following our standard order fulfillment process to provide shipment notice and anticipated delivery dates.

Please place your orders/future-dated orders prior to May 15, 2023, so that we have enough time to plan for material procurement and manufacturing planning. Please reach out to your local 3M sales representative or key account sales manager for any questions or further help.

If you have any questions, please contact your 3M Sales or Customer Service at 1-800-364-3577. Thank you for your continued support of 3M products.

Kind regards,

**Jeff DeMeza**  
Regional Division Leader  
Industrial Adhesives and Tapes Division

**Scott Blanchard**  
Portfolio Director, United States and Canada  
Industrial Adhesives and Tapes Division
