Impressive results, lasting durability.

You know how important it is to maintain clean, safe and beautiful floors. It’s an ongoing challenge that requires a commitment to excellence. That’s why 3M has created an integrated family of floor pads, designed to achieve superior results at less time.

Optimized construction makes for a solid foundation

Incorporating the latest innovations from 3M’s leadership in abrasive technology, 3M Floor Pads are engineered to help reduce the cost of cleaning and maintain the highest level of your program. All while keeping waste to a minimum.

• Every 3M Floor Pad has been developed specifically to accomplish a particular floor maintenance task.

• Exceptionally durable, 3M Floor Pads maintain their effectiveness significantly longer than competitive floor pads allowing you to replace less often. That means fewer 3M pads wind up in landfills.

Discover how easy it is to provide a beautiful, lasting clean; quieter and more efficiently, with the 3M family of floor pads.

Achieve a stunning reflection in less time, with less effort.

3M Floor Pads outstrip, outshine and outlast competitive floor pads.

You can be confident that when you use 3M Floor Pads, they’ll keep looking to customers throughout the world and confidently in the age-old competitive products in commercial conditions. The effectiveness of 3M Floor Pads has been tested by customers throughout the world, and results are significantly superior to competitive floor pads continuously.

Scotch-Brite Clean & Shine Pad
You'll see and feel the difference. The Scotch-Brite Clean & Shine Pad introduces the permanent performance pads that depend on our exclusive separation techniques. It features higher than competitive pads when tested. This pad is needed every time. Scotch-Brite Clean & Shine Pad provides the satisfaction with superior manufacturer before using instead pad.

Scotch-Brite Surface Preparation Pad Plus
Perfectly designed to improve productivity. 3M Floor Pads are designed to improve productivity, less time and cost to achieve the results you need.

Consistent performance
Manufacturing 3M Floor Pads have eliminated many variables by confining elements into the exact size: Inside and out. Even when many get higher, consistent results are obtained in the high-pressure maintenance operations.

Longer life
Achieve a stunning reflection in less time, with less effort.

Fewer chemicals
3M's advanced technology is effective using only trace amounts of chemicals during maintenance operations.

Environmentally responsible
Manufacturing 3M Floor Pads are Green Seal Certified. Consistently improved performance, durability, or both, extending the useful life of the floor pad and reducing solid waste in landfills.

Each use, reducing or eliminating the need for burnishing. Clean & Shine Pad gradually increases shine with fewer chemicals waste in landfills.

Quality results.
Consistency performance
The Scotch-Brite pad, has been designed to provide a fresh new.

The effectiveness of 3M Floor Pads has been tested by customers throughout the world, and results are significantly superior to competitive floor pads continuously.
