Electrical Tape

# The Electrical Tape

## For excellent electrical insulation and moisture sealing.

### Scotch-Seal™ Mastic Tape and Pads 2229

Professional Grade

Conformable, durable, tacky mastic coated on an easy release liner, 3M™ Scotch-Seal™ Mastic Tape and Pads 2229 are quick and easy to install, pad or seal objects that need to be protected from adverse environmental conditions. It is a good choice for corrosion protection applications and is UV resistant.

#### Product Highlights:

- Excellent adhesion and sealing characteristics to metals, rubbers, synthetic cable insulations and jackets
- Stable over wide temperature range while maintaining its sealing properties
- Conformable and moldable for easy applications over irregular surfaces
- Resistant to cracking when subjected to repeated flexing
- Fully compatible with most cable jacketing materials
- Material exhibits self-healing characteristics after being punctured or cut
- Chemical resistance
- Exhibits very low cold-flow
- Retains its flexibility at low temperatures resulting in ease of application and continuous performance at reduced temperatures
- 3M™ Scotch-Seal™ Mastic Tape and Pads 2229 are thicker, 125 mil (3.18 mm) vs 2228 65 mils (1.65 mm) allowing even faster application build-up

Moisture sealing for irregular shapes

Moisture protection in outdoor areas

Splicing in wet environments

Moisture sealing for external splice connections
