

Limited Warranty

Subject to the terms below 3M warrants to the end user of 3M™ DI-NOC™ Architectural Finishes (“the Product”) for the project identified in the fully completed Record of Installation (as defined below) against Defects (as defined below) for the periods set out in the table below:

The following definitions apply:

“Defect” means: Subject to the conditions below

- Physical defects, such as visual defects or adhesive defects
- Excessive colour fading, discolouration and gloss changes
- Cracking, crazing, yellowing or delamination
- Significant dimensional change

The Warranty is only valid where:

- The Record of Installation was fully completed and signed at the time of completion of the installation and this is supplied along with any notice of defect; and
- The Product being used and applied in accordance with the instructions as outlined in the relevant 3M Product Bulletin and the Instruction Bulletin and any other recommendations provided by 3M; and
- The claimant notifies 3M or the Installer in writing within one month of the Defect appearing; and
- 3M’s acceptance in its discretion of a Defect.

The Warranty is not valid where:

- The Record of Installation was not fully completed and signed at the time of completion of the installation; or
- the Product is removed before 3M or an Installer has inspected a reported Defect; or
- The Product has not been installed and maintained in line with the instructions as outlined in the Product Bulletin and the Instruction Bulletin; or
- The Product has been modified or repaired by a person not authorised by 3M; or
- The Product has been subjected to abnormal use, misuse or neglect; or
- The Product has been used for an application or in an environment not approved by 3M in the 3M Product Bulletin and Instruction Bulletin; or
- Product which has been applied to unsound surfaces or to surfaces which subsequently rust, crack, peel, delaminate, outgas, or become damaged beneath; or
- The Product defect is due to a lack of, or improper maintenance and cleaning not in conjunction with 3M’s recommendation and or instructions; or
- The Product is not installed within 5 years of date of purchase; or

- Prior to the installation, the Product was not stored in its original packaging nor under the environmental conditions as recommended by 3M.
- The base film of the Product is damaged, lifting, or staining caused by chemical or physical means such as, but not limited to, vandalism, cleaning solutions, mechanical washing equipment, which might subject the Product to frequent, vigorously abrasive scouring action, hot exhaust gasses constantly directed at the product from a close distance, steam, organic solvents or other spilled chemicals; or
- There is normal wear and tear or damage or deterioration due to normal usage. With time a gradual reduction in gloss, slight colour change, some lifting of the graphic around its edges, and development of a minor amount of cracking may occur. Such changes are not evidence of Product failure or defect and are not covered by this Warranty, or
- Changes in appearance were caused by dirt or corrosive products carried onto the Product, or
- Damages were caused by fire, structural failure, lightning, and other insurable risks or
- The Product is removed before 3M has inspected and agreed upon a Defect.

In the event of a Warranty claim resulting in the film being replaced, the warranty period for any replacement film will be for the remaining period from the previous installation.

This Warranty is given in place of and excludes all other warranties and conditions, whether express or implied by statute or common law. Nothing in this Warranty shall be deemed to exclude or restrict 3M's liability for death or personal injury resulting from 3M's negligence or otherwise as required by law. 3M shall not be liable for any consequential or indirect loss or damage whatsoever whether arising from the supply of the Product, its use, from any defect or failure in its performance or in any other way. 3M's liability under this Warranty shall never exceed the cost of replacing the Product.

This Warranty is personal to the purchaser of the Product or installation of which the Product forms a part and is not transferable.

Many factors beyond 3M's control and uniquely within the user's knowledge and control can affect the use and performance of a 3M Product in a particular application. Given the variety of factors that can affect the use and performance of a 3M Product, the user is solely responsible for evaluating the 3M Product and determining whether it is fit for a particular purpose, suitable for user's method of application and will fulfil the local law. All issues regarding warranty and liability for the Product and the effect of its use are governed in accordance with the provisions of the appropriate contract of sale unless local laws dictate otherwise.

Limited Remedy

3M's entire liability in the event of a valid Warranty claim shall be limited to refund of the price paid to 3M of the Product which 3M accepts was Defective. If the project is carried out by a 3M Select Partner, users will qualify for the Select Program Warranty terms which may include compensation for product and certain labour costs. 3M shall have no liability for any other losses or damages howsoever arising.
