

3M™ PELTOR™ In-Ear Electronic Earplug (EEP, LEP, and TEP) Charging Case Labels

Product Advisory

3M Personal Safety Division is issuing a Product Advisory for certain 3M™ PELTOR™ In-Ear Electronic Earplug (EEP, LEP, and TEP) Charging Case Labels

Impacted Dates:

December 1st 2021 – June 21st 2022

As part of 3M's ongoing commitment to delivering high quality safety equipment, we are notifying our customers of a Product Advisory relating to label traceability on certain 3M™ PELTOR™ In-Ear Electronic Earplug Charging Cases. Product produced from December of 2021 to June of 2022 demonstrated varying levels of durability that could result in a loss of the regulatory and /or serial number traceability information related to the charging case. The In-Ear Electronic Earplugs maintain their individual identification information on the devices and are not a part of the Advisory.

End Users:

To determine if your charging case label could be affected, please follow the steps listed below:

Step 1: Locate the Model on the case label (see case label picture to the right). If the model is listed in Table 1 above, continue to Step 2. If the model is not listed on Table 1, your product's charging case label is not affected.

Step 2: Check the information on the charging case label, if information is visibly missing, go to step 3. If information is not visibly missing, check if the serial number on the label is between 21336xxxxxx - 22172xxxxxx. If it is, your product is affected, go to step 3. If not affected, no further action is necessary.

Step 3: To request a replacement label, visit 3m.com/chargerlabels to view the details and complete the electronic intake form.
