

3M™ Floor Care Systems

Gain efficiencies and achieve your sustainability goals.

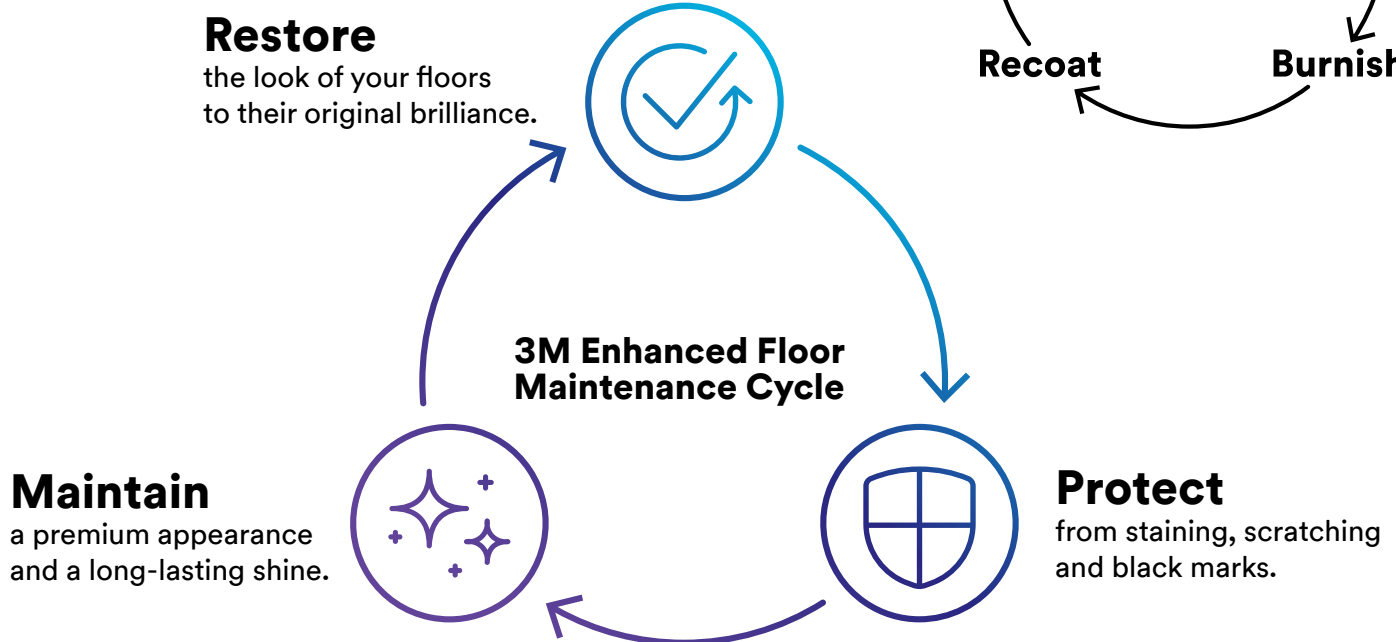

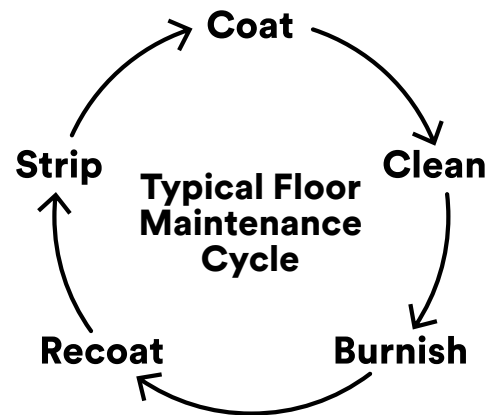

3M floor care solutions are designed for efficiency, helping you boost productivity and minimize downtime. By choosing a combination of 3M total floor care products to create a unique system, you can optimize your maintenance routine while meeting your ESG goals — without compromising the resilience, durability or aesthetics of your floors.

Choosing 3M Floor Care Systems can help:

- Streamline your floor maintenance tasks
- Decrease the number of steps in your process by using products that are more durable
- Reduce or eliminate the need to burnish and strip floors by focusing on daily maintenance
- Achieve beautiful, long-lasting results
- Gain efficiencies by reducing the frequency of scrubbing and recoating
- Stretch your budget

Enhance your process using our unique 3M Floor Care Systems.

The 3M enhanced floor maintenance cycle offers the ability to reduce or eliminate the need for stripping & burnishing.

Unlock sustainability benefits with 3M™ Floor Care Systems.

3M Floor Care Systems are comprised of multiple 3M products that work together and are designed to support your ESG goals by helping to reduce waste, energy usage, and CO2 emissions.

3M™ Advanced Floor Care System

The combination of our Scotchgard™ Protect and Shine Floor Protector, 3M™ Clean & Shine Daily Floor Enhancer and Scotch-Brite™ Clean & Shine Floor Pad yields an impressive shine while using less labor and reducing overall costs.

3M™ Stone Floor Protection System

Get an exceptionally consistent polish with 3M Trizact Diamond TZ Abrasive Strips and Pads. Achieve a long lasting, glossy and natural looking floor that is less susceptible to scuffs, marks, and scratches with Scotchgard Stone Floor Protector. And maintain a beautiful appearance with 3M Floor Pads and 3M Neutral Cleaner Concentrate.

3M™ Concrete Floor Polishing & Maintenance System

Using the Scotch-Brite™ Diamond Floor Brush and 3M™ Concrete Cleaner & Densifier may help reduce the need for major restoration work, improving the gloss and DOI of your concrete floors.

Sustainability Benefits of using 3M Floor Care Systems.

Compare your facility size and floor type below to see potential benefits and savings.

3M™ Advanced Floor Care System on resilient floors.

Per year savings	10,000 sq ft	50,000 sq ft	100,000 sq ft	500,000 sq ft	1M sq ft
 Reduced Waste (Cubic Ft)	1.81	9.05	18.1	90.5	181
 Reduced Energy Usage (kWh)	396	1,980	3,960	19,800	39,600
 Reduced CO2 Emissions (lbs)	337	1,685	3,370	16,850	33,700

These results are based on the following assumptions:

- Cleaning, 5 days a week
- Assumed end of life of pad is ½ inch thick
- Pads are assumed to be discarded at 50% weight remaining
- All electricity/Co2 savings are from absence of burnisher usage
- Burnishing, 1 day a week
- Electricity calculations taken from manufacturer literature

3M™ Stone Floor Protection System.

Per year savings	10,000 sq ft	50,000 sq ft	100,000 sq ft	500,000 sq ft	1M sq ft
 Reduced Waste (Cubic Ft)	.63	3.15	6.3	31.5	63
 Reduced Energy Usage (kWh)	71.76	358.8	717.6	3,588	39,600
 Reduced CO2 Emissions (lbs)	60.9	304.9	609.9	3,049	6,099
 Water Reduction (Gal)	80	400	800	4,000	8,000
 Chemical Reduction (Gal)	33.4	167	334	1,670	3,340

These results are based on the following assumptions:

- Burnishing, 1 day a week (8hrs per 100K sq ft.)
- Waste is based on burnishing floor pads
- Stripping solution dilution ratio of 4:1
- Chemical Reduction is the floor finish and stripping materials
- All electricity/Co2 savings are from absence of burnisher usage
- Pads are assumed to be discarded at 50% weight remaining
- Electricity calculations are an estimation
- Assumed end of life of pad is ½ inch thick

3M™ Concrete Floor Polishing & Maintenance System.

Per year savings	10,000 sq ft	50,000 sq ft	100,000 sq ft	500,000 sq ft	1M sq ft
 Reduced Waste (Cubic Ft)	1.03	5.13	10.26	51.3	102.6

These results are based on the following assumptions:

- Cleaning, 5 days a week
- Assumed life of floor pad is 225,000 sq ft
- Assumed end of life of pad is ½ inch thick
