editing solution.

3M | Pattern Marketplace

Build your reputation with every project.

3M™ Pattern Marketplace is an innovative digital solution with thousands of quality-tested paint protection film and window film patterns that go back over ten vehicle model years.

Designed to support an exceptional installation experience, the new and improved editing functions help simplify the pattern editing process and improve efficiency.

Be bold. Be confident. Take control.

Cloud-based system

Easily access and edit your pattern versions by logging in anytime, on any computer.

Pattern review

Easy-to-use pattern feedback and rating system.

Customer support

Software backed by knowledgeable 3M Customer and Technical Support.

Improved search capabilities

Easily find your pattern when you need it using the new dynamic search feature.

Request a pattern

3M can quickly revise and create patterns based on installer's needs and input.

Ongoing development

Stay up to date with software updates and new future feature releases.

Extensive pattern database

Includes nearly 4,500 vehicles with patterns, going back more than 10 model years.

Simplified editing tools

Intuitive editing tools to improve efficiency, optimize film usage, and meet your individual installation style.

Pattern Ghost

See the outline of original pattern when editing to improve efficiency.

Quick Nest

Reduce film usage by automatically moving pattern parts to fit your film width.
