Automotive Aftermarket Division

3M™ Perfect-It™ Famous Finish

1) Part Numbers

51677 3M™ Perfect-It™ Famous Finish, 1 kg

2) Description and end uses

3M™ Perfect-It™ Famous Finish: Compound available in 1kg bottle.

3M[™] Perfect-It[™] Famous Finish is a fine polishing compound specifically designed for paint rectification on modern 2K, or hard to polish clear coats in the Automotive Aftermarket. Used to rectify paint defects such as nibs in refinished paint surfaces.

3M[™] Perfect-It[™] Famous Finish is designed to be used with an air driven or electric polisher (600 - 1500rpm), equipped with the relevant foam buffing pads.

3) Physical Properties

Container:	1kg bottle	
Flash Point °C:	>100 °C	
Colour:	White	
Consistency:	Thick Creamy Liquid	
Viscosity:	35,000 - 45,000cps	
рН	8.4 – 9.2	
Boiling point	100 °C	
VOC's	<0.1mg/l	

Technical Data Sheet

Effective: 05/02/2024 Supersedes: 19/08/2020

The following directions have been determined with ambient air temperature and a substrate temperature at 20 °C - 25 °C / 1.5 hour after recommended forced drying time of modern refinishing clear coats and are considered typical values.

4) Directions for Use

a. Preparation & Sanding Step

Surfaces should be free from dirt and dust. Sand the damaged area with a 3M[™] Trizact[™] Abrasives grade 3000 – 8000.

Wear appropriate personal protective equipment when working with 3M™ Perfect-It™ Famous Finish. Refer to the relevant MSDS and polish machine user manual.

b. Application method

- Shake bottle well before use
- Apply a small amount of product to the polishing pad
- Place over the area to be polished and start the machine
- Polish in an overlapping pattern
- Wipe off any excess polish and inspect area
- For deep or persistent scratches, the process should be repeated

5) Storage

24 months from original date of manufacture in the original sealed packaging between 10 °C – 25 °C. Refer to label for expiry date.

6) Safety

3M™ Perfect-It™ Famous Finish is designed FOR PROFESSIONAL INDUSTRIAL USE ONLY.

Read full instructions and material safety data sheet before use.

IMPORTANT: Appropriate personal protective equipment should always be used. Please refer to the label and consult the material safety data sheet for full handling instructions and personal protection information. These are available via your stockist. The supplier disclaims any liability where the user does not wear recommended personal protective equipment.
