

# 3M™ Green Corps™ Cut-Off Wheels

## Advanced Features

- 2X performance\*
- No burnt marks
- Smooth cut
- Straight cut
- Optimum output stainless steel
- EN standard

## A CUT ABOVE THE REST\*

Optimise your cutting solutions with the new 3M™ Green Corps™ Cut-Off Wheel

3M™ Green Corps™ Cut-Off Wheels are designed with special WA for long life and cost effective. This means fewer wheel changes and more finished parts per wheel.

More  
Cuts

Higher  
Savings

Less  
Waste

Faster  
Turnaround

### Ideal for industries such as:

- General metal fabrication
- Structural steel
- Oil and gas infrastructure
- Stainless steel fabrication
- Shipbuilding
- Rail
- Tank and vessel

\*Based on 3M internal test data

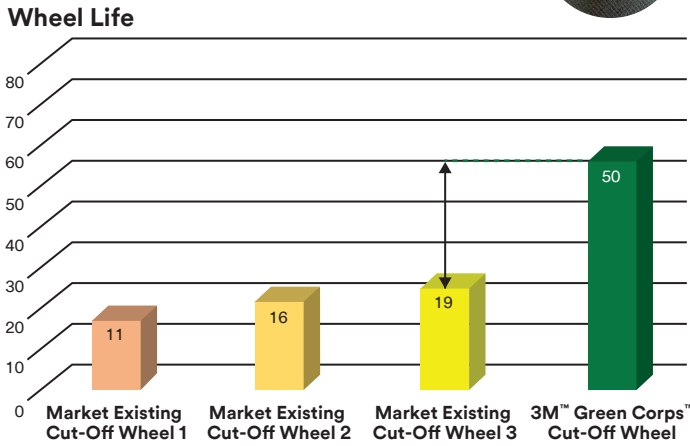

# 3M™ Green Corps™ Cut-Off Wheel

SKU	Diameter x Thickness x Arbor Hole (mm)	Max. RPM	Quantity (Inner/Case)
7100319624	107 x 1.2 x 16	15,300	50/400

## 4 Cut-Off Wheels Comparison

Internal 3M testing on 304L stainless steel sheet (11 gauge) using a 13 amp electric tool. Wheels are tested to end of life.

- Use high RPM tool to optimise performance
- Thickness optimises cut rate and longer life, providing consistent cuts until end of life

Optimised for use on carbon steel and stainless steel.

\*Based on 3M internal test data

## SAFETY INSTRUCTION

Complies with European Safety Standard EN 12413
