**3M™ Aura™ Particulate Respirator
9300+ Series**

Product and packaging contain recycled material*

3M™ Aura™ Particulate Respirators 9300+ Series are designed with a variety of innovative technologies and features to help provide comfortable, reliable respiratory protection. Now upgraded with recycled material in product & packaging*, the flat-fold, 3-panel respirators are available in FFP1, FFP2 and FFP3 protection levels, as valved or unvalved models.

3M™ Aura™ Particulate
Respirators 9300+ Series

*Please see details overleaf

3M™ Aura™ Particulate Respirators 9300+ Series

Breathing ease

Low breathing resistance filter technology

- ▶ 3M's Advanced Electrostatic Media (AEM) is designed for ease of breathing

3M™ Cool Flow™ Valve

- ▶ 3M™ Cool Flow™ Exhalation Valve helps release warm and moist exhaled breath from inside the respirator.

Product

Aura™ 9312+, 9322+ and 9332+ contain at least

25%

recycled content*

Packaging

At least

30%

recycled content in individual product wrap*

76%

recycled content in shipper case*

100%

recycled content in primary carton*

Manufacturing

Manufactured in the United Kingdom

Over 20 years of ISO 14001
a set of standards to reduce environmental footprint

100%
of electricity used in our manufacturing site is renewable (RE100)

Clear vision

Embossed top panel

- ▶ Helps reduce the fogging of eyewear

Sculpted nose panel

- ▶ Curved, low profile design conforms well to nose and facial contours
- ▶ Helps provide a good field of vision
- ▶ Improves compatibility with eyewear

Innovative chin tab

- ▶ Improves ease of donning and adjustment to help achieve a comfortable fit

Face and head comfort

Design and material

- ▶ 3-panel design for a wide range of face shapes and sizes to accommodate your facial movements
- ▶ Collapse resistant; suitable for work in hot humid environments
- ▶ Stays securely in place, helping to provide a good, comfortable seal
- ▶ Large soft nose foam material and smooth inner cover web both feel incredibly soft on the skin and help to create a comfortable environment for the face
- ▶ Lightweight

* Claims apply to products produced since 01/04/2024 and are correct at time of publication. Product: 3M™ Aura™ Particulate Respirators 9312+, 9322+ and 9332+ contain at least 25% pre-consumer recycled content. Percentage recycled content varies by model. Figure stated is the lowest percentage of recycled content for the three protection levels. Percentage recycled content calculated in accordance with EN ISO 14021:2016+A1:202. Packaging: At least 30% recycled content in individual product wrap – Aura™ 9310+, 9312+, 9320+, 9322+, 9330+, 9332+, 1872V+ and 1873V+ only. 100% recycled content in primary carton, 76% recycled content in shipper case.
