

Xtract™
Clean Sanding Solutions

732U
Premium Series

3M Cubitron™ II Paper Disc 732U

Every Grade, Every Step: We've Got You Covered.

**Up to
99% dust
extraction**
for 3M Xtract™ Discs

**Lasts
up to 4x***
Longer than leading
competition
Lower cost with long disc
life and fewer disc changes

**Cuts Fast and
Consistent
Finish**
Increased throughput
and minimal rework

*Compared to Competitive Aluminum
Oxide Abrasive Products

Available in coarse and fine grades:
80+ to 1000+

CUBITRON™ II
Industrial Abrasives

3M Cubitron™ II Paper Disc 732U

3M Cubitron™ II Paper Disc 732U features 3M Precision-Shaped Grain (PSG) technology which cuts up to 2x as fast as conventional abrasive.

Also available with the 3M Xtract™ proprietary multi-hole pattern that helps extract dust better than 5 or 6-hole disc products — increasing cut and disc life and for improved dust extraction on a variety of sanding applications.

Why dust extraction matters.

- ▶ **Shop Cleanliness**
Shop environment and operator satisfaction
- ▶ **Productivity / Rework**
Impacts cycle time
- ▶ **Health & Safety**
Increase focus on operator health

With the right tools

delivers up to

99%

Dust Extraction

We've Got You Covered.

Existing grade range					Fine grade line extension								
80+	120+	150+	180+	220+	240+	320+	400+	500+	600+	800+	1000+		
Applications: Dimensioning, coating material removal, de-flashing, edge rounding					Applications: Scuffing and prep for topcoat, coating refinement and re-work								

Balance of flexibility and durability:

- ▶ C-weight paper backing
- ▶ Multiple job use with one product (hand or power tool sanding)

Longer lasting abrasive:

- ▶ 3M PSG combined with anti-load coating
- ▶ Fewer disc changes and less downtime for operators

Superior dust extraction:

- ▶ 3M Xtract proprietary multi-hole pattern provides superior dust extraction to prevent loading, increase productivity and provide a cleaner work environment
- ▶ Effortless alignment with multi-hole back-up pad for less time spent changing discs
- ▶ Less disc clogging, dust exposure and rogue scratches

Consistent finish:

- ▶ 3M PSG technology cuts up to 2x as fast as conventional abrasives
- ▶ Fewer rogue scratches results in less rework and abrasive spend
- ▶ Anti-load coating combined with 3M PSG results in consistent finish from disc to disc
- ▶ PSG abrasive mineral is coated evenly onto the backing which provides consistent results from disc to disc

Easy on/off disc changes:

- ▶ 3M Hookit™ attachment system allows for easy disc changes and helps optimize disc life

Works well on many surfaces:

- ▶ Suitable for use on metals, paint coatings, composites, gelcoat, and different types of wood

CUBITRON™ II
Industrial Abrasives

Re-shaping the way work gets done.

3M Precision-Shaped Grain (PSG)

3M pioneered the first precision-shaped grain using 3M microreplication technology to form consistent sharp peaks that easily “slice” through metal—cutting cooler, faster, and lasting longer than conventional abrasive grain.

Product Selection and Use: Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment and reviewing all applicable regulations and standards (e.g., OSHA, ANSI, etc.). Failure to properly evaluate, select, and use a 3M product and appropriate safety products, or to meet all applicable safety regulations, may result in injury, sickness, death, and/or harm to property. **Disclaimer:** 3M industrial and occupational products are intended, labeled, and packaged for sale to trained industrial and occupational customers for workplace use. Unless specifically stated otherwise on the applicable product packaging or literature, these products are not intended, labeled, or packaged for sale to or use by consumers (e.g., for home, personal, primary or secondary school, recreational/sporting, or other uses not described in the applicable product packaging or literature), and must be selected and used in compliance with applicable health and safety regulations and standards (e.g., U.S. OSHA, ANSI), as well as all product literature, user instructions, warnings, and other limitations, and the user must take any action required under any recall, field action or other product use notice. Misuse of 3M industrial and occupational products may result in injury, sickness, death, or property damage. For help with product selection and use, consult your on-site safety professional, industrial hygienist, or other subject matter expert. For additional product information, visit www.3m.com. **Warranty and Limited Remedy:** Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price. **Limitation of Liability:** Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
