

## 3M Vietnam Factsheet

### About 3M

3M (NYSE: MMM) believes science helps create a brighter world for everyone. Using 49 unique technology platforms and industry-defining research and development, we unlock the power of people, ideas and science to reimagine what's possible. Across safety and industrial, transportation and electronics, and consumer markets, 3M is dedicated to applying and sharing our expertise to help customers, communities, and society solve their greatest challenges. Learn how we're working to improve lives and make what's next at [3M.com/news](https://www.3m.com/news).

### About 3M Vietnam

3M has been improving lives in Vietnam since 1994, celebrating its 30<sup>th</sup> anniversary in 2024. 3M Vietnam has grown from its humble beginnings as a representative office, to a company with established capabilities to serve the needs of local customers. 3M's presence in Vietnam today includes its headquarters in Ho Chi Minh City, a branch office in Hanoi, and three research and development facilities in Ho Chi Minh City and Hanoi. The company serves diverse consumer and industrial industries, such as consumer electronics, semiconductor, manufacturing, automotive, energy, chemicals, building and construction, transportation, and consumer retail, across the country.

The Customer Innovation Centre in Ho Chi Minh City and Hanoi allows visitors to explore the world of 3M science and the magic of 3M core technologies, such as abrasives, adhesives and nonwovens. Visitors can also learn about 3M's technologies and solutions in key industries – such as electronics, construction, automotive and retail.

Inaugurated in August 2024, the new Customer Experience Centre at Hanoi displays an extensive range of 3M solutions in electronics, transportation safety and commercial markets. Through guided tours and interactive demos, visitors can learn more about how 3M's technologies help advance today's electronics industry and develop solutions for tomorrow. In addition, the new Centre contains a laboratory with advanced testing equipment to serve the needs of 3M's electronics market customers in Vietnam.

### About 3M's Businesses

#### **Transportation and Electronics**

We help build electronic devices today that will power the world tomorrow, whether it's making the display on mobile devices clearer and brighter or helping ensure critical electronic systems stay operational in the face of emergencies. We also play an innovative role in more efficiently building safer, comfortable, attractive, durable and environmentally responsible modes of transportation.

#### **Safety and Industrial**

We provide thousands of innovative products including tapes, abrasives, adhesives, and specialty materials to global industrial, electrical and safety markets. At the same time, we help keep workers safe with personal protective equipment so they can focus on the job at hand.

#### **Consumer**

Supplying an array of innovative products that keep homes cleaner, offices organized and buildings well-maintained, our consumer business is home to some of the world's best-known

brands, including Post-it®, Scotch®, Scotch-Brite®, Futuro™, Filtrete™, Nexcare™, Scotchgard™, and Command™.
