

Ref. Scotch-Brite™ 740

Scouring sponge laminate for General Purpose Cleaning

Technical Data Sheet: TDS 210

Date: February 2023

Description:

The product is a dual function general purpose cleaning tool with a top side being an open textured green non-woven web containing abrasive material, laminated with a strong adhesive, onto a high-quality tan cellulosic sponge.

Product Advantages:

- Excellent scouring performance can remove baked food.
- Very high absorption capacity
- Conformable
- Very long lasting.
- Can work in hot water and current cleaning chemicals
- Can be used with diluted bleach.
- Can be washed in washing machine at 40°C

Where and When to Use:

For cleaning and scouring applications on walls, woodworks, tables, countertops, pots and pans equipment in the kitchen.

The Scotch-Brite™ 740 scouring sponge is a medium aggressive product and should be used on surfaces not damaged by scratching.

It is not recommended for use on sanitary equipment's, fragile or non-stick surfaces.

Always test on an inconspicuous area of the surface to be cleaned prior to first use.

Product Characteristics:

Property	Nominal Value
Weight	25 g per unit (<i>depends on humidity content</i>)
Thickness:	27 mm
Size:	131 x 88 mm
Printing:	White 3M logo on web side
<ul style="list-style-type: none"> • Web color • Sponge color 	<ul style="list-style-type: none"> • Green • Tan
