

# Make all the right moves.

Incremental moves can lead to amazing outcomes – and that's why more orthodontists are making the move to 3M for their orthodontic digital treatment planning needs. Get advanced material technologies you won't find anywhere else, along with a powerful web-based platform that helps you analyse, design and track treatment for each patient. It's everything you need to set your practice apart.

**Move seamlessly**

**3M™ Oral Care Portal**  
*Plan every move for aligners and brackets, all in one place.*

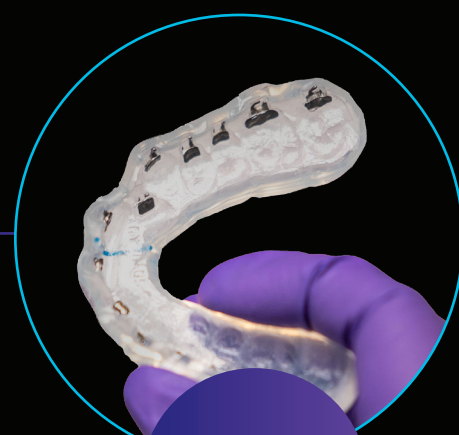

Leverage the web-based Oral Care Portal to analyse, design and track treatment for your patients. Harness a simple digital workflow that maximises efficiency and customisation for aligners, retention and digital bonding.

**Move purposefully**

**3M™ Clarity™ Aligners Flex + Force**  
*Use two complementary materials for ultimate control.*

Unlock more options and give yourself the freedom of choice with Clarity Aligners. Easily shift between two complementary aligner materials – each with their own benefits – to create a treatment plan customised for your patient.

**Move efficiently**

**3M™ Digital Bonding**  
*Accurately bond a full arch of brackets, at once.*

Decrease chair time and improve the experience for your patients, and your team, with Digital Bonding. Execute every move of your treatment plans with precision and accelerate office productivity. When combined with 3M™ APC™ Flash-Free Adhesive, your team can skip multiple steps, like flash clean up, and save even more time.

# Small moves, significant results.

“

“The idea that you have one online platform with all of your treatments is hugely beneficial for us as doctors.”

~ Dr. Christian Groth  
DDS MS, Partner at TDR Orthodontic,  
Owner at Motor City Lab Works

“It gives you the option to really leverage the efficiencies of each material and not have to deal with the deficiencies of other materials.”

~ Dr. Doug Palaganas  
DDS, Owner/Orthodontist at Dr. Doug Orthodontics PLLC

“When those [digital bonding] trays come in, it’s a two-minute doctor time procedure for me to do a full bonding of upper and lower braces.”

~ Dr. Megan LeCornu  
DMS MS, Owner/Orthodontist at Embrace Your Smile Orthodontics,  
AAO & PCSO Member

”

Every practice has unique needs – 3M is here to provide tailored support that can help transform your workflow. Get the most out of all-in-one digital treatment planning.
