

Experience the benefits of 3M™ Trizact™ Abrasives

Discover 3M™ Trizact™ Hookit™ 5000

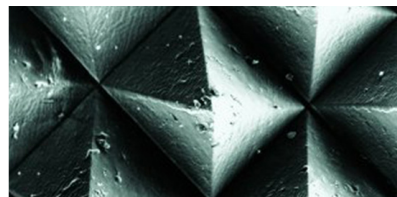

NEW*

3M™ Trizact™ abrasives help to increase shop productivity by eliminating the need for using aggressive wool compounding pads and reducing polishing time.

Here's how Trizact™ abrasives can also benefit your operations:

- **Consistent Cut and Finish:** Provides a consistent cut and finish, ensuring high-quality results every time.
- **Durable and Long-Lasting:** Trizact™ abrasives stay sharp longer, and using them with a damp application can improve disc life over dry sanding.**
- **Reduces Material Usage:** Helps reduce the time and material required for compounding.
- **Foam Backing for Better Control:** The foam backing provides plenty of control and consistent contact with the surface, which is great for preserving the surface texture.

By integrating Trizact™ abrasives into your finishing processes, you can achieve faster, more efficient, and higher-quality results. Experience the difference with 3M's innovative abrasive technology and take your productivity to the next level.

** Use Trizact products damp, not wet for best results

3M™ Trizact™ Hookit™ Blending Abrasive Disc P1000	76 mm 15 Discs/Carton 4 Cartons/Case		152 mm 15 Discs/Carton 4 Cartons/Case
	Grade	Part Number	Part Number
Blending Disc			
Prepare blend areas for painting with consistent results using 3M™ Trizact™ Hookit™ Blending Discs.			
These foam-backed abrasive discs are designed for scuffing and sanding blend panels, texture matching, and removing sand scratches prior to paint blending on adjacent panels.	P1000	2091	2090
Used damp, they eliminate the need for scuffing compounds or wet sanding abrasives.			

3M™ Trizact™ Hookit™ Clear Coat Sanding Abrasive Disc P1500	76 mm 25 Discs/Carton 4 Cartons/Case		152 mm 25 Discs/Carton 4 Cartons/Case
	Grade	Part Number	Part Number
Blending Disc			
3M™ Trizact™ Hookit™ Clear Coat Sanding Abrasive Discs P1500 are ideal for removing defects in paint, such as dust nibs and matching surface texture.			
They're used prior to paint finishing abrasives or traditional buffing compounds and pads.	P1500	2094	2088
These film-backed discs are used damp to help prevent loading and the curly-Qs and pig tails that dry sanding discs can leave behind.			

3M™ Trizact™ Hookit™ Foam Abrasive Disc 3000	76 mm 15 Discs/Carton 4 Cartons/Case		152 mm 15 Discs/Carton 4 Cartons/Case
	Grade	Part Number	Part Number
Paint Finishing System			
Spend less time compounding and enjoy less risk of defects by using 3000-grade 3M™ Trizact™ Hookit™ Foam Abrasive Discs for paint finishing.			
Used for refining 1500- and 2000-grade sand scratches, they can reduce the need for aggressive wool compounding and cut overall paint finishing time.	3000	2087	2085

3M™ Trizact™ Hookit™ Foam Abrasive Disc 5000 NEW*	76 mm 15 Discs/Carton 4 Cartons/Case		152 mm 15 Discs/Carton 4 Cartons/Case
	Grade	Part Number	Part Number
Paint Finishing System			
3M™ Trizact™ Hookit™ Foam Abrasive 5000 Discs are very fine grade abrasive discs that cut faster and last longer**, allowing you to spend less time compounding.			
Use these discs for refining 3000-grade sanding scratches on painted surfaces and clear coats.	5000	30362	30662

3M™ Trizact™ Hookit™ Foam Abrasive Disc 8000	76 mm 15 Discs/Carton 4 Cartons/Case		152 mm 15 Discs/Carton 4 Cartons/Case
	Grade	Part Number	Part Number
Paint Finishing System			
3M™ Trizact™ Foam Abrasive 8000 Discs are extremely fine abrasive discs that help shorten or eliminate the compounding stage from your paint finishing process.			
Used to refine 3000-grade or finer sand scratches, they leave a surface so smooth you can start polishing without a compounding step.	8000	30804	30806
