New 3M™ Versaflo™ TR300+/600/800 Charger Design Introduction

Dear Valued Customer,

The purpose of this notification is to introduce newly redesigned 3M™ Versaflo™ battery chargers for TR-300+ and TR-600/800 PAPRs.

Improvements to the battery chargers include.

- Updated appearance.
- More intuitive LED display for ease of understanding battery charge status.
- Chargers can be connected to create a multiple station charger (up to 10 chargers).
- TR-342 and TR-642 chargers can be connected to create a multiple station charger.
- Chargers can be wall mounted or placed on table-top surfaces.
- Internal power supply simplifies customer experience by eliminating large, external power brick.

Redesigned Chargers

The new 3M™ Versaflo™ Single Station Battery Charger Kit TR-342 is intended for use with TR-300+ PAPRs and will replace the existing TR-341 Single Station Battery Charger Kit. A new multiple station charger option can be created by combining the TR-342 with the 3M™ Versaflo™ 3-Station Battery Charger Pack Only TR-342-3.

The new 3M™ Versaflo™ Single Station Battery Charger Kit TR-642 is intended for use with TR-600 & TR-800 PAPR assemblies and will replace the existing TR-641 Single Station Battery Charger Kit. A new multiple station charger option can be created by combining the TR-642 with the 3M™ Versaflo™ 3-Station Battery Charger Pack Only TR-642-3.

See **Table 1** for full list of new part numbers and phase out part numbers. As a result of this product launch the current Versaflo battery chargers will be phased out.
