Introducing the new and improved

3M™ Hookit™ Blue Net Abrasives

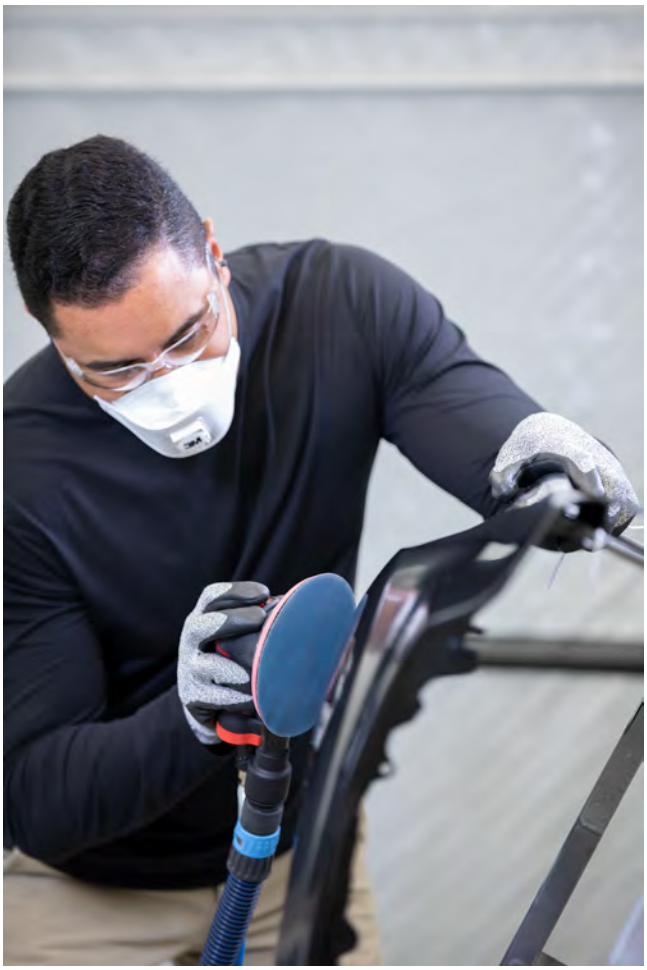
Go for performance.
Leave the dust behind.

3M™ Hookit™ Blue Net Abrasives

Introducing a revolutionary net abrasive designed to help meet the rigorous demands of the body repair process. This new abrasive is engineered to provide exceptional durability and resilience, ensuring it can withstand the toughest conditions encountered during repair work.

Discover the Power of 3M™ Hookit™ Blue Net Abrasives

Transform your sanding experience with 3M™ Hookit™ Blue Net Abrasives, designed to elevate performance and simplify your abrasive needs. These advanced discs and sheets offer exceptional durability, reducing the need for frequent replacements and ensuring consistent results over time. With a wider range of grades, they cater to diverse applications, providing the flexibility required for various tasks. Their superior dust extraction capabilities promote a cleaner workspace, enhancing efficiency and air quality. Embrace a more productive and streamlined sanding process with 3M™ Hookit™ Blue Net Abrasives, where durability meets versatility and cleanliness.



Unmatched Durability and Performance

Crafted with a unique blend of ceramic and aluminum oxide minerals, 3M™ Hookit™ Blue Net Abrasives offer a superior cut rate and longevity compared to other net abrasives in their class. Experience consistent, high-quality finishes with improved durability, thanks to our advanced abrasive technology. The new and improved design ensures better back-up pad attachment, increased edge retention, and excellent resistance to wrinkling, stretching, or tearing.

An abrasive that holds up when it matters.

Recommended Grades for Use

Grade	Application
80	General stock removal. Used to clean the repair area and remove all loose paint particles or rust. Initial filler shaping.
120	Used to clean the repair area and remove all loose paint particles or rust. Filler sanding.
150	Used to clean the repair area and remove all loose paint particles or rust. Filler sanding.
180	Feather edge around the repair area.
220	Feather edge around the repair area. Surface refinement.
240	Surface refinement. Filler shaping.
320	Primer refinement before paint application. Surface preparation for sealer.
400	Primer refinement before paint application. Preparation for sealer and base coat application.

Product Selection and Use: Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment and reviewing all applicable regulations and standards (e.g., OSHA, ANSI, etc.). Failure to properly evaluate, select, and use a 3M product in accordance with all applicable instructions and with appropriate safety equipment, or to meet all applicable safety regulations, may result in injury, sickness, death, and/or harm to property.

Warranty, Limited Remedy, and Disclaimer: Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement or repair of the 3M product or refund of the purchase price. Warranty claims must be made within one (1) year from the date of 3M's shipment.

Limitation of Liability: Except for the limited remedy stated above, and except to the extent prohibited by applicable law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
