Masking Simplified

The right tape to
get the job done

In 1925, after working with automotive painters, 3M introduced the world's first masking tape to improve the painting process.

In today's world, over 100 years later, the painting process has greatly evolved, demanding consistent masking products that provide the reliable convenience you demand in a busy shop.

From premium performance to cost-effective solutions, or anything in between, 3M has you covered. You can count on 3M to provide a simple and straightforward lineup of masking tape that will meet your performance needs. With 3M masking tape, you can roll with a confident paint job.
