## Enhancement:

3M ESD is pleased to announce 3M™ Round Conductor Flat Cable Series 3365 is now RoHS Compliant.

3M's intent is to offer products that allow our customers to be in compliance with European Union directive 2002/95/EC (Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment). 3M's determination of compliance is based on the current RoHS legislation and certification from 3M raw material suppliers. This change does not affect the form, fit or function of the cable, therefore product numbers and stock numbers will remain unchanged. The description, as well as the factory run number, will be updated to include "RC" for RoHS Compliant.

The 3M™ Round Conductor Flat Cable Series 3365 is available in standard lengths of 300 feet with a minimum order quantity of one roll.

No new literature will be issued at this time. Please use the latest revision of TS-0080 which lists the RoHS and WEEE compliance in the Features and Benefits section.

## Actions Required:

- Please notify customers of this enhancement.

Thank you for your continued support of 3M products.
