Catalog Terms and Conditions of Sale

The Terms and Conditions of Sale apply to all products ordered from 3M Unitek Corporation.

Orders
To facilitate filling your order, please be as specific as possible. Orders must specify product number, quantity desired and any descriptive information (e.g. size or color).

Items submitted in connection with Incognito™ Appliance System orders become the property of 3M Unitek and will not be returned.

Prices and Terms
Please consult our current price list or call our toll free number listed below. Policies and terms are subject to change without notice. Terms are net 30 days, except payment for the Incognito Appliance System is due at the time of the order.

Shipments
All shipments are FOB point of origin. Each shipment will be accompanied by an itemized packaging list. An invoice covering each shipment will be forwarded promptly.

Back-Orders
In some instances, products listed in our catalog may be temporarily out of stock. In-stock items will be shipped immediately and any back-ordered items will be delivered as soon as possible. There will be NO additional shipping charges on Domestic back orders, however International shipments will be charged.

Returns
1. Returns within 30 days from the date of shipment will be accepted for a full refund
2. Returns within 31-90 days from the date of shipment will incur a 20% restocking fee
3. Returns over 90 days from the date of shipment will not be accepted

Credit will be issued provided that:
1. Product is unused and in resalable condition; and
2. A copy of the invoice of sale or the package slip accompanies the product.

The following products are not returnable:
1. Custom products (bands and bases with welded assemblies), including the Incognito™ Appliance System
2. Doctor’s specials
3. Products requiring refrigeration
4. Opened chemical products

If the return is due to defective product or 3M Unitek error, full credit will be issued, provided the return is made within the period specified in any applicable 3M Unitek warranty.

To facilitate your return, you must contact Customer Service at the number listed below to obtain an authorization number.

Product Use
Buyer is responsible for evaluating whether a product is appropriate for a particular use or application. The conditions of evaluation, selection, and use of a product can vary widely and affect the use and application of a product. Because many of these conditions are uniquely within the buyer’s knowledge and control, it is essential that buyer evaluate whether the product is suitable and appropriate for a particular use or application.

Warranty and Limited Remedy
Except for the products with special warranty provisions noted below, 3M Unitek warrants that all products are free from defects in materials and manufacture. 3M Unitek’s sole obligation and the buyer’s sole remedy in the event of any claimed defect shall be, at 3M Unitek’s option, repair of the product, replacement of the product, or refund of the purchase price. Written notice of claimed defect must be received by 3M Unitek at the address below within reasonable time after discovery not to exceed one year from the date of delivery.

Unitek™ Hand Instruments Special Warranty Information
3M Unitek warrants that this instrument will be free from defects in materials and manufacture for a period of 1 year from the date of purchase. Failure to follow recommended use, maintenance and sterilization procedures will void all warranty claims. Recommended maintenance includes cutter tip/blade re-sharpening and reconditioning (cleaning, polishing, adjusting screw as necessary) every six months. 3M Unitek’s sole obligation and buyer’s sole remedy in the event of a claimed defect shall be limited to, at 3M Unitek’s option, repair, replacement of the product, or refund of the purchase price.

All instruments should be sent to the 3M Unitek Authorized Service Center at the address below for evaluation to determine credit, replacement, or repair. The Authorized Service Center will determine, upon receipt of instrument, if the instrument is to be covered by warranty. Materials and manufacturing are the only items covered by this warranty. Misuse or abuse will void warranty. Buyer will be contacted regarding repair charges for out of warranty instruments.

Unitek™ Prestige Series
Hand Instruments
Special Warranty Information
3M Unitek warrants that this instrument will be free from defects in materials, manufacture or separation of brazed cutting edges for a period of 1 year from the date of purchase. 3M Unitek further warrants that this instrument will be resistant to corrosion for 5 years from the date of purchase. Failure to follow recommended use, maintenance and sterilization procedures will void all warranty claims. Recommended maintenance includes cutter tip/blade re-sharpening and reconditioning (cleaning, polishing, adjusting screw as necessary) every six months. 3M Unitek’s sole obligation and buyer’s sole remedy in the event of a claimed defect shall be limited to, at 3M Unitek’s option, repair, replacement of merchandise, or refund of the purchase price.

3M Unitek further warrants that this instrument will be resistant to corrosion for 5 years from the date of purchase. Failure to follow recommended use, maintenance and sterilization procedures will void all warranty claims. Recommended maintenance includes cutter tip/blade re-sharpening and reconditioning (cleaning, polishing, adjusting screw as necessary) every six months. 3M Unitek’s sole obligation and buyer’s sole remedy in the event of a claimed defect shall be limited to, at 3M Unitek’s option, repair, replacement of merchandise, or refund of the purchase price.
Catalog Terms and Conditions of Sale

All instruments should be sent to the 3M Unitek Authorized Service Center at the address below for evaluation to determine credit, replacement, or repair. The Authorized Service Center will determine, upon receipt of instrument, if the instrument is to be covered by warranty. Materials, manufacture, and corrosion resistance are the only items covered by this warranty. Misuse or abuse will void warranty. Buyer will be contacted regarding repair charges for out of warranty instruments.

Waiver of Implied Warranties
ALL IMPLIED WARRANTIES, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR USE ARE DISCLAIMED.

Limitation of Liability
Except where prohibited by law, 3M Unitek will not be liable for any loss or damages arising from any product, whether direct, indirect, special, incidental or consequential, regardless of the theory asserted, including warranty, contract, negligence or strict liability.

Product Changes
Products are continually undergoing refinement in design and manufacture. 3M Unitek reserves the right to improve, modify or discontinue products at any time.

Termination for Default
3M Unitek may terminate an order, in whole or in part, if buyer is in breach of a material obligation and does not cure such breach to the reasonable satisfaction of 3M Unitek within ten (10) days of 3M Unitek’s written notice of intent to terminate the order for buyer’s default.

Incognito™ Appliance System Fee for Canceled Case Setups
Orders placed with 3M Unitek for appliance setups in the Incognito Appliance System are subject to a fee of US $350 if the order is canceled. Also, if an ordered setup has been available in Unitek™ Treatment Management Portal | TMP for 30 days and remains without review and response from the ordering doctor, 3M Unitek, at its discretion, may treat the order as canceled and assess the fee. A reorder and resubmission of case files will be necessary to begin the process again if an order is canceled.

Protected Personal Health Information
3M Unitek offers certain custom products and services, including the Incognito™ Appliance System, Unitek™ TMP Digital Models, and Unitek™ TMP for Incognito™ Systems. In ordering these products the buyer may provide 3M Unitek with personal health information. 3M Unitek will comply with applicable law with respect to this information. The buyer warrants that it has obtained the necessary consent to send this information to 3M Unitek and for 3M Unitek to send this information to its vendors. To safeguard this information and to comply with applicable law, 3M Unitek has implemented healthcare information policies to protect this information, provided training to personnel with access to this information, implemented building access controls and tracking, implemented electronic data access controls, required its vendors to implement safeguards and comply with applicable law, and designed certain products and software with features such as encryption to assist the buyer in protecting personal health information.

Waiver
Any failure or delay by either party in exercising any right or remedy provided by or relating to the order or these Terms and Conditions does not constitute a waiver and shall not prohibit a party from exercising such right or remedy at a later time or from exercising any other right or remedy available.

Entire Agreement
These terms and conditions of sale constitute the entire agreement between the parties with respect to the product sale except for the price set by the applicable 3M Unitek price quotation, 3M Unitek price sheet, or separate pricing agreement; and by any additional 3M Unitek terms and conditions agreed to by the buyer electronically or in writing.

Prescribing Information

Clinpro® 5000 1.1% Sodium Fluoride Anti-Cavity Toothpaste

HIGHLIGHTS OF PRESCRIBING INFORMATION

These highlights do not include all the information needed to use 3M™ ESPE® Clinpro® 5000 Anti-Cavity Toothpaste effectively. See full prescribing information for Clinpro® 5000 Anti-Cavity Toothpaste.

3M™ ESPE® Clinpro® 5000 1.1% Sodium Fluoride Anti-Cavity Toothpaste for oral use

INDICATIONS AND USAGE

Clinpro® 5000 Anti-Cavity Toothpaste is indicated for use as part of a professional program for the prevention and control of dental caries. (1)

DOSE AND ADMINISTRATION

Use once daily in place of conventional toothpaste for use as part of a professional program for the prevention and control of dental caries. (1)

Dosage Forms and Strengths

White toothpaste containing 1.1% sodium fluoride (3)

CONTRAINDICATIONS

Do not use in children under 6 years of age unless recommended by a dentist or physician. (4)

WARNINGS AND PRECAUTIONS

Do not swallow. (5)

Keep out of reach of children under 6 years of age. (5)

Repeated ingestion of high levels of fluoride may cause dental fluorosis. (5)

ADVERSE REACTIONS

Allergic reactions and other idiosyncrasies have been rarely reported. (6)

To report SUSPECTED ADVERSE REACTIONS, contact 3M ESPE Dental Products Division at 1-800-634-2249 or www.3MESPE.com, or FDA at 1-800-FDA-1088 or www.fda.gov/medwatch.

Treatment Recommendations for Overdose of Clinpro® 5000 Anti-Cavity Toothpaste

Ingested fluoride dose

Amount for 10kg (22 pound) child

Recommended action to take

Less than 5mg/kg

This equals less than 1 ounce (or less than 3 teaspoons).

Do not induce vomiting. Give 1-2 glasses of milk and observe for symptoms of stomach upset. If symptoms persist more than a few hours, seek medical attention or contact a poison control center.

5mg/kg or more

This equals about 1 tablespoon or more.

Do not induce vomiting. Give 1-2 glasses of milk and seek medical attention or contact a poison control center.

15mg/kg

This equals 1 ounce or ¼ of the tube.

Seek immediate medical attention. Do not induce vomiting. Give 1-2 glasses of milk.

Recommended action to take

*The amount to reach the fluoride dose will be proportionately larger with older children and adults. A thin ribbon or pea-sized amount of Clinpro® 5000 Anti-Cavity Toothpaste weighs approximately 0.3g and contains approximately 1.5mg of fluoride ion. A 4oz tube contains 564mg of fluoride ion.

11 DESCRIPTION

Clinpro® 5000 1.1% Sodium Fluoride Anti-Cavity Toothpaste is a self-applied fluoride toothpaste for the prevention of dental caries. Each gram contains 5mg of fluoride ion in a neutral pH base, consisting of water, sorbitol, hydrated silica, glycerin, polyethylene-polypropylene glycol, flavor, polyethylene glycol, sodium laurel sulfate, titanium dioxide, carboxymethyl cellulose, sodium saccharin and tri-calcium phosphate.

12 CLINICAL PHARMACOLOGY

Clinpro® 5000 1.1% Sodium Fluoride Anti-Cavity Toothpaste aids in the prevention of tooth decay. Fluoride delivered from Clinpro® 5000 inhibits the demineralization of sound teeth and enhances the remineralization (i.e., repair) of demineralized teeth.

During tooth brushing, fluoride is taken up by teeth and dental plaque. Fluoride is taken up with calcium and phosphate by demineralized teeth resulting in an improved tooth structure that contains more fluoride and less carbonate than naturally occurring tooth structure and is more resistant to acid challenge. Additionally, calcium fluoride is formed on the crystal structure of teeth. As the pH of the mouth drops, fluoride is released from calcium fluoride and aids in the remineralization of teeth. Fluoride taken up by plaque inhibits the activity of cariogenic bacteria. Fluoride inhibits the process by which cariogenic bacteria metabolize carbohydrates resulting in less acid and adhesive polysaccharide production by the bacteria.

15 REFERENCES

16 HOW SUPPLIED/STORAGE AND HANDLING

Clinpro® 5000 Anti-Cavity Toothpaste is supplied as a white dentifrice paste in a 4oz (113g) plastic tube (NDC 48878-3130-4 Vanilla Mint flavor), (NDC 48878-3150-4 Spearmint flavor) and (NDC 48878-3140-4 Bubble Gum flavor).

Storage

This product is designed to be stored and used at room temperature. Do not use or expose to extreme heat. Shelf life at room temperature is 24 months. See outer package for expiration date.
