Product Discontinuation Notice

3M™ Vortex Control Knob W-3153
3M™ Waist Belt 524-01-12R01
3M™ Spare Stainless Steel Cylinder for W-2863, W-2818SS
3M™ Low Pressure Air Regulating Assembly W-3497
3M™ High Pressure Air Regulating Assembly, Stainless Steel, W-2907SS
3M™ High Pressure Wide Bore Breathing Tube Kit W-3461

As a part of 3M's ongoing effort to make our powered and supplied air products less complex, we are announcing the following discontinuations effective immediately:

W-3153	Vortex Control Knob		No alternative product offering
524-01-12R01	Wide Waist Belt for vorstream and coldstream, 50 inches long x 2 inches wide		Alternative product offering would be the 18-0099-16, 520-02-23R01, and 520-02-90R01
W-2818SS	Vortemp™ Heating Tube, Stainless Steel (tube only)		No alternative product offering
W-3497	Low pressure air regulating assembly		Alternative product offering would be the SA-2000, 1000, 2100, 1100LP
W-2907SS	High pressure air regulating assembly stainless steel		Alternative product offering would be the W-2907, W-2909, or the W-2862SS
W-3461	High pressure wide bore breathing tube kit		Alternative product offering would be the SA-2000, 1000, 2100, 1100, or the W-3061

These discontinuations represent a Stock Keeping Unit (SKU) rationalization that should help make purchasing complete systems easier.

Best Regards,

Jeff Boehm
National Sales Manager
