

New 3M™ Scotch-Brite™ Pre-Cut Cleaning and Finishing Pads

The new Scotch-Brite Scuffing System from 3M consists of three colour pads that provide the ultimate choice for all surface preparation tasks. The three grades of Scotch-Brite Pre-Cut Pads offer more aggressive, but not coarser, cutting, and are now available in super-flexible Scotch-Brite Multi-Flex Sheets.

- Longer lasting and more economical. Saves time and money
- New extra sharp abrasive for more aggressive cutting
- Faster, easier scuffing action..... but not coarser
- New Extra Fine Copper Pads for water-based paints and critical colour blending
- Handy, ready-to-use, 35 perforated Pre-Cut Pads per tear-off roll
- Ultimate finish obtained from new Grey and Copper grades

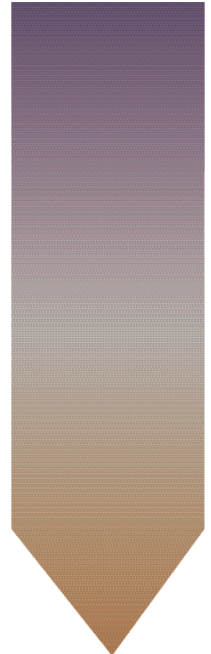

Whatever the application, the choice is yours.

3M Innovation

Scotch-Brite™ 3-Pad Scuffing System for both Pre-Cut and Multi-Flex products

	Product	Application
	Purple 07903 Pre-Cut or 07521 Multi-Flex	<ul style="list-style-type: none"> ● Scuffing of new panels, door jambs under bonnet areas ● Scuffing prior to primer and paint for proper mechanical adhesion ● Tire clean-up ● Cleaning grease, oil and rust from engine and other mechanical parts
