

## 3M™ Coban™ 2 Layer Compression System

“I started using Coban 2 Layer  
[Compression System]  
and noticed a difference  
in the size of my ulcer after a month.”

**3M**

“I’d had the same leg ulcer  
for about a year.  
At its worst, it spanned the entire  
lower portion of my leg.”

As soon as I started using Coban 2 Layer [Compression System], I started healing. After two months, I didn’t need to use painkillers to ease my discomfort. Coban 2 Layer has made it easier for me to stay active and go about my life.”

— Dorothy Leonard, Yuma, AZ

Dorothy is just one of the many patients who have benefited from 3M™ Coban™ 2 Layer Compression System because it’s:

- **Comfortable:** Thin, lightweight design allows patients to wear normal shoes.
- **Effective:** Delivers sustained compression and less slippage than other leading compression wraps.\*
- **Versatile:** For all types, sizes and shapes of patients with ABI  $\geq$  0.8.
- **Easy to Use:** Applied in two easy steps, which reduces training time.

\* Clinical data on file at 3M.
