Dear Sirs,

**Your order executed by UL International Demko A/S**

UL International Demko A/S has the pleasure of enclosing CB Certificate (CB Test Certificate) No. DK-12068.

Your attention is also drawn to UL International Demko A/S Standard Terms and Conditions. Should you have any questions regarding the above, please contact UL International Demko A/S.

The CB Scheme has decided that parts of CB Scheme test certificates must become available to the public. Parts of the certificate that will be available include reference number, name of issuer, date of issue, model and type of product and the IEC standard(s) referenced.

The CB Scheme recognizes that manufacturers may have business reasons to delay public release of their CB Test Certificates information for a period of time after the issuance of the Certificates. To accommodate this need, manufacturers will have the option to indicate a specific "RELEASE DATE" so that their Certificate information will not be released on the CB Scheme website until the designated date. A separate RELEASE DATE can be assigned to each BRAND name Certificate.

You have up to 30 days from the date your CB Test Certificate is issued to indicate a RELEASE DATE. If we do not receive a RELEASE DATE from you within the 30-day period, your CB Test Certificate information will be released to the CB Scheme website at the end of the 30-day period.

UL International Demko A/S is at your disposal should you require additional information about our services, such as information on the GOST R certification for Russia, CCC certification for China and certification for other countries requested by you to meet the needs of your company.

We would like to take the opportunity to thank you for the co-operation and hope you will make use of our services in the future.

Yours sincerely,

Ulla Jakobsen  
Certification Project Handler
