

# 3M™ Disposable Respirator 9042, P2

The 3M™ Folded Dust/Mist/Nuisance Organic Vapour Respirator 9042 P2 provides lightweight, comfortable respiratory protection in a folded format for convenient storage and portability.

## Features

- Individually packaged promotes clean storage and allows for easy dispensing
- Disposable, maintenance free design
- Lightweight construction promotes greater comfort and contributes to increased wear time.
- Advanced Electret filter media helps make breathing easier
- Carbon layer provides relief from nuisance levels of organic vapours for greater comfort.
- Adjustable nose clip helps provide a custom fit and secure seal
- For use against mechanically generated particulates.

## Time Use Limitation:

- If the respirator becomes damaged, soiled, or breathing becomes difficult, leave the contaminated area and replace and refit the respirator.
- These respirators contain a layer of activated charcoal, which removes nuisance levels of organic vapours. If the respirator is being worn and fitted correctly and you can smell the contaminant then the respirator should be replaced as the capacity of the activated carbon has been exceeded.

## Specifications

- Weight: ~13g per respirator.
- Meets performance requirements of AS/NZS1716 as a P2 rated respirator.

## Applications

- Foundries
- Mining
- Agriculture
- Printing
- Petrochemical
- Quarrying
- This respirator contains no components made from natural rubber latex.

## Warning!

- Respirators must not be used until your employer has determined whether usage will be in accordance with manufacturer's instructions. The wearer must be trained in the proper use of this product. Failure to follow all instructions and warnings on the use of this product and/or failure to wear this respirator during all times of exposure can reduce respirator effectiveness and result in illness or death.
