

Custom Pressure Sensitive Adhesive PC-2 for Powder-Coated Surfaces

Background

There is a wide range of variability in the ingredients used by powder coating manufacturers. Some of these powder coatings require different adhesive properties to form an adequate bond to the powder-coated surface.

3M is aware of this variability in powder coatings and has developed an optional adhesive for adhering 3M™ Safety-Walk™ Slip-Resistant Materials to powder-coated surfaces.

Description

3M™ Safety-Walk™ Slip-Resistant Materials are available with a special adhesive for application to powder-coated surfaces. This adhesive is:

- PC-2 Pressure Sensitive Adhesive

3M™ Safety-Walk™ Slip-Resistant Products Available with Special Adhesive

- General Purpose 600 Series
- Medium Resilient 300 Series

Adhesive Selection

Due to the variability of powder coating formulations from manufacturer to manufacturer, 3M recommends in-house testing by the OEM to determine suitability for the intended application.

To help determine if 3M™ Safety-Walk™ Slip-Resistant Tapes may be suitable for a customer's powder-coated material, 3M™ Safety-Walk™ Slip-Resistant Tapes samples are available upon request from 3M Technical Support Service, 1-800-626-8578.

Samples of 3M™ Safety-Walk™ Slip-Resistant Tapes with standard adhesive and 3M™ Safety-Walk™ Slip-Resistant Tapes with PC-2 Pressure Sensitive Adhesive will be provided on request.

Important Note

Minimum application temperature for PC-2 adhesive is 50°F (10° C).

Ordering Information

For ordering information and questions regarding lead time, minimum ordering quantity and pricing, contact a 3M Customer Service Representative at 1-800-852-9722.

Important Notice to Purchaser

Product Use: Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the performance and useful life of 3M™ Safety-Walk™ Slip-Resistant Tapes and Treads products, including the type and preparation of the surface, and the conditions of use. User is solely responsible for evaluating the product and determining whether it is fit for user's particular purpose and adequately maintained.

Warranty, Limited Remedy, and Disclaimer: 3M warrants that its 3M™ Safety-Walk™ Slip-Resistant Tapes and Treads products will be free from defects in material and manufacture at the time of purchase from 3M's authorized distributor. 3M MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. If a 3M™ Safety-Walk™ Slip-Resistant Tapes and Treads product does not conform to this warranty, the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price.

Limitation of Liability: Except where prohibited by law, 3M will not be liable for any loss or damage arising from its 3M™ Safety-Walk™ Slip-Resistant Tapes and Treads products, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted.
