

Fire Protection Products

Date: February 8, 2019

Subject: Country of Origin

3M Industrial Adhesives and Tapes Division provides this reference to help you identify and select products for use on government contracts. Most of the products listed on this sheet will qualify for the Buy American Act and the Trade Agreements Act as of the date of publication.

3M products that require country of origin representation on a government contract may only be offered with a certification duly signed by 3M's Trade Compliance Department. Certifications are provided by individual SKU and are valid for one year from the certification date.

To obtain a certification, please provide your name, company, address, phone, fax and e-mail, a list of products including the 3M-ID number or full product descriptions, and the law the certificate is for to ITBDataRequests@mmm.com.

Products offered on a government contract must be certified by 3M. If the publication date is more than 6 months old, contact your customer service representative for an updated listing.
