RE: 3M Gas Detection Consolidation

**The 3M Gas Detection product line is being streamlined to focus resources on Fixed Gas applications.**

**As part of this consolidation and focus, we will discontinue sales of Portable Gas Detectors and Thermal Imaging Cameras as of March 31, 2010.**

**3M will continue to honor all valid warranty claims and continue to provide ongoing technical support and spare parts to our existing customer base along with repair and service as needed.** Customers who have recently bought Portable Gas Detectors or Thermal Imaging Cameras should be assured that 3M will provide ongoing product and technical support.

We will be selling existing inventory of Portable Gas Detectors and Thermal Imaging Cameras through March 31, 2010 while supplies last. Please contact your local 3M sales representative with any questions.
