

Product Description

Scotch-Brite™ Black Floor Pad is a premium quality floor maintenance wet scrubbing pad, made of high quality synthetic fibres, in an open textured non-woven construction. Abrasive particles are dispersed throughout the thickness and bonded with a durable adhesive. Scotch-Brite™ Black Floor Pad is designed for wet stripping of floor finishes on hard floors. Each floor pad has a pre-cut centre hole.

Characteristics

These are typical values for unprocessed product.

Characteristics	Value
Material	Nylon fibers
Colour	Black
Marking	Black Scotch-Brite™ logo
Thickness	26 mm
Center hole	Pre-cut at 85 mm
Weight	2500 g/m ²
Web aggressiveness	Schiefer value: 2.5g to 4.0 g 3M value: 3.5 g
Performance	Wet stripping
Durability	7,000 sqm at 150 RPM in standard use with appropriate maintenance

Directions for Use

Scotch-Brite™ Black Floor Pad can be used with stripping solutions and standard speed rotary floor machines (swing machine and scrubber dryers) for wet stripping floor finishes on hard floors . It can also be used for heavy duty cleaning on concrete and industrial floors.

Stripping Operation

- Install floor pad under the machine pad holder
- Apply stripping solution on floor with a mop
- Allow to stand for 5 to 10 minutes
- Strip the floor with floor machine adding water to keep floors wet during process
- Pick up dirty solution, rinse the stripped floor with clear water and clean mop
- Let floor dry before recoating or re-opening to traffic
- Remove pad and wash it

Maintenance and Cleaning

- Remove pad from machine after each use
- Rinse wash under tap water or spray water or keep pads soaked in diluted stripping solution to dissolve caked on finish. Avoid dirty pads to dry before washing.
- Rinse and hang up for drying

Note: Do not machine wash!

Country of Origin

Made in Thailand, in an ISO 9001:2015 and ISO 14001:2015 3M certified plant

Health and Safety

When handling any chemical products, read the manufacturer's container labels and the Safety Data Sheets (SDS) for important health, safety and environmental information.

[Follow the link to obtain SDS sheets for 3M products on 3M.com/SDS.](#)

[Follow the link to obtain information about substances of very high concern \(SVHC\).](#)

IMPORTANT! When using any equipment, always follow the manufacturer's instructions for safe operation.
