3M™ Peltor™ MT Series™ 2-Way Headsets

Better communication with maximum attenuation

3M™ Peltor™ MT Series™ 2-way communication headsets are specifically designed for industrial users in high-noise environments. Incorporating 3M Peltor’s technology in both earcup design and electronics makes this headset, in conjunction with a 2-way radio, the ideal choice for clear, crisp 2-way communication in high-noise areas. Possible applications may be found in high-noise industries such as:

- Heavy equipment operators
- Airport workers
- Construction
- Manufacturing
- Agricultural
- Racing

Wide, softly padded headband for all-day comfort
Stainless steel spring arms designed for durability and low pressure
Deep earcup design for increased ear room and sound quality
Noise-canceling microphone with soil-repelling filter for clear, reliable communication
Combination liquid and foam-filled cushions provide low pressure and comfort
Low 2-point fasteners adjust height for customized fit
These hearing protectors help reduce exposure to hazardous noise and other loud sounds. Misuse or failure to wear hearing protectors at all times that you are exposed to noise may result in hearing loss or injury.

For proper use, see supervisor, User Instructions, or call 3M in U.S.A. at 1-800-665-2942.
