Get Hearing Conservation Running On All Cylinders

**Instant-Use,
No Roll-Down Design.**

No need to roll foam before fitting.
Just grip the stem and
insert tip into the ear canal –
right out of the package.

Biaxially-Stiff Stem.

Stem is stiff enough to insert
yet is designed to flex sideways
if impacted during wear.

**Tips Look Like Metal,
Feel Ultra-Soft.**

They are made of specially
formulated foam, so soft and
comfortable that plugs can be
worn all day long.

Shaped for Universal Fit.

The cylindrical shape
is designed to fit and seal
most size ear canals.

**Officially Licensed Hearing
Protection of NASCAR®.**

Workers will race to wear PISTONZ™ earplugs. They have the popular NASCAR connection. Feature a radically different shape. Plus, they're comfortable, easy to use, and have an impressive SL_{C50} 25dB (Class 4).

PISTONZ EARPLUGS – another winner from the 3M Hearing Protection Line.

Standard Deviation dB	19.6	20.1	21.8	20.3	26.7	35.3	39.0

WARNING!

These hearing protectors help reduce exposure to hazardous noise and other loud sounds. **Misuse or failure to wear hearing protectors at all times that you are exposed to noise may result in hearing loss or injury.** For proper use, see supervisor, user instructions, or call 3M in Australia on 1800 024 464. In New Zealand call 0800 364 357. If there is any drainage from your ear or you have an ear infection, consult with your doctor before wearing ear plugs. Failure to do so may result in hearing loss or injury.
