

Technical Datasheet

E-A-R™ AquaFit™ Earplugs

Adult DC-01-002
Junior DC-01-003

Product Description

The E-A-R™ AquaFit™ pre-moulded earplugs are designed for insertion into the ear canal to help reduce water ingress when swimming, showering or bathing for example.

This product is also available in smaller size (AquaFit™ Junior) ideally suited for children or people with a smaller size ear canal.

Key Features

- Tri-flange design
- Longer stem helps make insertion easier
- Made from soft and durable material
- Easy to wash and clean
- Supplied with an attractive case for ease of storage when not in use

Applications

The E-A-R™ AquaFit™ and AquaFit™ Junior earplugs are ideal for use in water leisure activities such as swimming, bathing, showering etc.

Note: If used underwater, the AquaFit™ and AquaFit™ Junior earplugs can be worn to a maximum depth of 1 metre.

WARNING: Do not use this product for diving.

Approval

The E-A-R™ AquaFit™ and AquaFit™ Junior preformed earplugs meet the requirements of the Medical Devices Directive 93/42/EEC as Class I devices and are thus CE marked accordingly.
