

Product Change Notice

3M™ Four-Wall, Tripolarized Header 810 Series

Issue Number: 785
Date: March 3, 2011

Product Change

In order to improve manufacturability, 3M is changing the standard color of non-RoHS compliant*, high-temperature headers in the 4-Wall Tripolarized Header 810 Series product line from natural to black. This is a change to the color of the LCT resin, not the resin itself; therefore, the functionality and technical characteristics of the connector will remain the same. Furthermore, the part numbers will not change due to this transition. This change notice affects TS0253.

Last Time Buys

3M will accept last time purchases for the natural color resin until 5:00 p.m. Central Standard Time (US), May 30, 2011. Orders received by 3M after this date will be shipped with either black or natural-colored parts, at 3M's discretion, until raw material stocks are depleted.
