3M™ Rocker Panel Coating - Grey is a resilient coating designed to protect lower auto body panels from damage such as stone chipping. This coating is applied over primer coated panels and under top coats providing an additional layer of protection to the substrate. 3M™ Rocker Panel Coating - Grey is compatible with common automotive paints.

Features

- Aerosol Dispensing
- Compatible with Automotive Paints
- Provides Medium to Coarse Texture

Product Uses

Stone chip protection of lower auto body panels.

For professional use only. Not intended for retail sale.
Typical Performance Properties

Note: The following technical information and data should be considered representative or typical only and should not be used for specification purposes.

Typical application thickness (dry film two coats) - 2 to 3 mils

Two coat dry time @ 73°F (23°C) - 60 minutes

Directions for Use

PREPARATION:
Prime all bare metal surfaces with urethane or epoxy primer. Sand the primer using grade P320-P500, clean the surface and mask accordingly.

1.) Use at room temperatures above 65°F (19°C), shake until agitator ball moves freely in the can, and shake can between coats to ensure solids are dispersed in the coating.

2.) Apply a light even coat to the surface from a distance of 10-12 inches (25-30 cm), allow 5 minutes dry time.

3.) Apply additional coats to match desired texture. Allow adequate dry time between coats to avoid solvent bubbling. Texture can be varied by adjusting application speed, distance, and coating thickness. For best results, invert the can and spray to clear the actuator between coats and after use.

4.) Allow 1 hour dry time when 2 coats are applied (more dry time needed if additional coats have been applied) prior to painting. Lightly scuff sand using grade P500-P600 abrasive and apply primer/sealer prior to top coating. (Refer to paint company guidelines for paint application information.)

Applications

See “Product Uses” above.

Storage and Handling

Store at room temperature. Rotate stock on a “first-in, first-out” basis. When stored at the recommended conditions in original, unopened containers, this product has a shelf life of 24 months. Use in a well-ventilated area.
Precautionary Information

Before using this product, please reference Product Label and/or Safety Data Sheet for Health and Safety Information. Note: Laws controlling the acceptable amounts of Volatile Organic Compounds (VOC’s) vary by state, and in some cases by locality. For surface preparation and clean-up activities, consult federal, state and local regulations regarding use of products containing VOCs in your area.

Technical Information

The technical information, recommendations and other statements contained in this document are based upon tests or experience that 3M believes are reliable, but the accuracy or completeness of such information is not guaranteed.

Product Use

Many factors beyond 3M’s control and uniquely within user’s knowledge and control can affect the use and performance of a 3M product in a particular application. Given the variety of factors that can affect the use and performance of a 3M product, user is solely responsible for evaluating the 3M product and determining whether it is fit for a particular purpose and suitable for user’s method of application.

Warranty, Limited Remedy, and Disclaimer

Unless an additional warranty is specifically stated on the applicable 3M product packaging or product literature, 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY OR CONDITION ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. If the 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M’s option, replacement of the 3M product or refund of the purchase price.

Limitation of Liability

Except where prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.
