3M™ Fastbond™ Contact Adhesive 30H
Water dispersed, high strength contact adhesive with high immediate bond strength and a long bonding range. Non-flammable in the wet state, post formable and heat resistant. Bonds most foamed plastics, plastic laminate, wood, plywood, veneer, and canvas to themselves and to each other.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/greenadhesives

LEED® Claim:
Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit.

Environmental/ Energy Advantage:
This product is GREENGUARD Indoor Air Quality Certified®.

3M™ Fastbond™ Contact Adhesive 30NF
Water-dispersed high strength contact adhesive. Has high immediate bond strength and long bonding range. It is non-flammable in the wet state, post-formable and heat resistant. It bonds most foamed plastics, plastic laminate, wood, plywood, wood veneer, and canvas to themselves and to each other.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/greenadhesives

LEED® Claim:
Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit.

Environmental/ Energy Advantage:
This product is GREENGUARD Indoor Air Quality Certified®.

3M™ Fastbond™ Insulation Adhesive 49
A water-based, high solids, fast tacking, pressure sensitive adhesive. Bonds lightweight materials, including fiberglass insulation, felt, shoddy, paper and other materials to metal and many other surfaces.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/greenadhesives

LEED® Claim:
Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials.

Environmental/ Energy Advantage:
This product is GREENGUARD Indoor Air Quality Certified®.
3M™ Fastbond™ Foam Adhesive 100NF
A water-dispersed, fast setting adhesive that adheres to many types of flexible polyurethane foam, latex foam, fabric, polyester fiberfill, wood, plywood, particleboard and many plastic and metal surfaces. Available in lavender and neutral.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/greenadhesives

LEED® Claim:
Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials.

Environmental/ Energy Advantage:
This product is GREENGUARD Indoor Air Quality Certified®.

3M™ Fastbond™ Contact Adhesive 2000NF
Water-dispersed, high solids activated adhesive provides immediate bonding capabilities and handling strength without forced drying equipment. Post-formable and heat resistant. Available in various colors.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/greenadhesives

LEED® Claim:
Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit.

Environmental/ Energy Advantage:
This product is GREENGUARD Indoor Air Quality Certified®.

3M™ Fastbond™ Pressure Sensitive Adhesive 4224NF
Water based carpet adhesive for adhering carpet matting tiles to the floor. Bonding lightweight materials like fabric, foam, and paper to themselves and other surfaces. Initial tack and plasticizer resistance. Repositionable, such that tiles may be lifted and replaced as needed.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/greenadhesives

LEED® Claim:
Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials.

Environmental/ Energy Advantage:
This product is GREENGUARD Indoor Air Quality Certified®.
3M™ Foam Fast 74 Spray Adhesive – Low VOC <25%

3M™ Foam Fast 74 Spray Adhesive- Low VOC <25% is an industrial grade high strength lace spray adhesive. Ideal for bonding flexible urethane or latex foam together or to many other materials including wood, metal, fabrics and non-vinyl plastics. Variable width actuator. Meets CARB / OTC VOC Requirements; Helps contribute to LEED® credits.

Website: www.3M.com/lowVOCaerosols

LEED® Claim:

Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit.

Environmental/ Energy Advantage:

This product is GREENGUARD Indoor Air Quality Certified®

3M™ Hi-Strength 90 Spray Adhesive – Low VOC <25%

3M™ Hi-Strength 90 Spray Adhesive- Low VOC <25% is an industrial grade high strength aerosol spray adhesive. Creates a high strength bond to concrete, wood, MDF, and laminates. Meets CARB / OTC VOC Requirements; Helps contribute to LEED® credits.

Website: www.3M.com/lowVOCaerosols

LEED® Claim:

Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit.

Environmental/ Energy Advantage:

This product is GREENGUARD Indoor Air Quality Certified®

3M™ Hi-Strength 94 ET Adhesive

3M™ Hi-Strength 94 ET Spray Adhesive is a high performance, industrial grade adhesive that can be rolled, brushed or sprayed. Bond to a variety of demanding substrates like decorative laminate, metal, and some rubbers. SCAQMD Rule 1168 compliant; Helps contribute to LEED® credits.

Website: www.3M.com/94ET

LEED® Claim:

Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit.

Environmental/ Energy Advantage:

This product is GREENGUARD Indoor Air Quality Certified®
3M™ Hi-Strength 94 ET Cylinder Spray Adhesive

3M™ Hi-Strength 94 ET Cylinder Spray Adhesive is a high performance, industrial grade spray adhesive with a unique low telegraphing pebble spray pattern. Bonds to a variety of demanding substrates like decorative laminate, metal, and some rubbers. SCAQMD Rule 1168 compliant; Helps contribute to LEED® credits.

Website: www.3M.com/94ET

LEED® Claim:

Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit.

Environmental/ Energy Advantage:

This product is GREENGUARD Indoor Air Quality Certified®

3M™ Hi-Strength 94 ET Spray Adhesive - Low VOC <20%

3M™ Hi-Strength 94 ET Spray Adhesive is a high performance, industrial grade spray adhesive with a unique low telegraphing pebble spray pattern. Creates high strength bonds to a variety of demanding substrates like decorative laminate, metal, and some rubbers. Meets CARB / OTC VOC requirements; Helps contribute to LEED® credits.

Website: www.3M.com/lowVOCAerosols

LEED® Claim:

Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit.

Environmental/ Energy Advantage:

This product is GREENGUARD Indoor Air Quality Certified®

3M™ Scotch-Weld™ Hi-Strength Postforming 94 CA Adhesive

A low VOC, high performance, postformable grade spray adhesive with a unique low telegraphing pebble spray pattern. Bonds to a variety of demanding substrates like decorative laminates, metal, and some rubbers. Typically used in woodworking and specialty vehicle applications, especially where VOC’s are a concern. It is specifically designed for decorative laminate bonding and is SCAQMD Rule 1168 compliant; Helps contribute to LEED® credits.

Toll Free Number:  1-800-362-3550

Website: www.3M.com/greenadhesives

LEED® Claim:

Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit

Environmental/ Energy Advantage:

This product is GREENGUARD Indoor Air Quality Certified®.
3M™ Scotch-Weld™ Hi-Strength Postforming 94 CA Cylinder Spray Adhesive

A low VOC, high performance, postformable grade spray adhesive with a unique low telegraphing pebble spray pattern. Bonds to a variety of demanding substrates like decorative laminate, metal, and some rubbers. Typically used in woodworking and specialty vehicle applications, especially where VOC’s are a concern. It is specifically designed for decorative laminate bonding and is SCAQMD Rule 1168 compliant; Helps contribute to LEED® credits. Packaged in pre-pressurized canister for an easy to use, maintenance free delivery system.

Toll Free Number: 1-800-362-3550

Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit

Environmental/ Energy Advantage:
This product is GREENGUARD Indoor Air Quality Certified®.

3M™ Silicone Spray – Low VOC 60%

3M™ Silicone Spray- Low VOC 60% is a silicone base release agent for industrial lubrication applications. Lubricates machinery, moving parts, eliminates squeaks caused by friction, prevents sticking, freezing and protects against rust. Helps prevent build up of glues, wax, inks and paints. Meets CARB / OTC VOC Requirements; Helps contribute to LEED® credits.

Website: www.3M.com/lowVOCaerosols

Environmental/ Energy Advantage:
This product is GREENGUARD Indoor Air Quality Certified®
Adhesives & Sealants

Adhesive Removers

3M™ Adhesive Remover – Low VOC <20%

3M™ Adhesive Remover - Low VOC 20% is a liquid cleaner, degreaser with less than 20% VOC's. A petroleum based solvent that can be used to dissolve and remove dirt, grease, tar, and many non-curing type adhesives. It can also be used to degrease substrates for adhesive bonding in place of many chlorinated or petroleum-based solvents.

Use of this product helps contribute to LEED® NC v2.2, CS v2.0, CI v2.0, R v2.0- EQ Credit 4.1 (Option A), Credit 4.3 (Option C), Credit 4.5 (Option 5), Credit 4.6: Low-Emitting Materials; and Credit.

Environmental/ Energy Advantage:

This product is GREENGUARD Indoor Air Quality Certified®

Encapsulants

3M™ High Gel Re-enterable Encapsulant 8882

3M™ High Gel Re-enterable Encapsulant 8882 is a two part, nonurethane encapsulating compound. The encapsulant, aggressively adheres to filled cable and is compatible with, common plastics used in telephone splice connectors. The encapsulant permits easy cable splice re-entry for future, changes and maintenance.

Toll Free Number: 800-426-8688, Option 4

Website: www.3M.com/Telecom

LEED® Claim:

Use of this product helps contribute to LEED® NC-EQ Credit 4.1: Low Emitting Materials: Adhesives & Sealants.

Environmental/ Energy Advantage:

3M™ High Gel Re-enterable Encapsulant 8882 is a two-part nonurethane encapsulating compound. Unlike other encapsulants, High Gel is not formulated with potentially allergenic isocyanates which are powerful irritants to the mucous membranes of the eyes and gastrointestinal and respiratory tracts. Direct skin contact can also cause marked inflammation. Isocyanates can also sensitize workers, making them subject to severe asthma attacks if they are exposed again. Death from severe asthma in some sensitized subjects has been reported. Preventing exposure to isocyanates as we have with 3M High Gel Re-enterable Encapsulant 8882 is a critical step in eliminating this health hazard in encapsulants.
MicroKlean™

The exclusive Micro-Klean™ RB manufacturing process produces a rigid, resin bonded, graded porosity structure that eliminates by-pass and the unloading characteristics of soft and easily deformable, filter cartridges such as spiral wound, melt-blown and string wound cartridges.

LEED® Claim:
Use of this product may help comply with LEED® EB v3.0 - Prerequisite 1: Sustainable Purchasing Policy and help contribute to LEED® EB v3.0 MR Credit 1: Sustainable Purchasing – Ongoing Consumables or LEED® EB v3.0 - MR Credit 2: Sustainable Purchasing – Durable Goods.

Environmental/ Energy Advantage:
Micro-Klean™ RB filters with porosity between 1um and 75um are made from greater than 20% recycled material by weight.

Air Filtration

Filtrete™ Commercial HVAC Filter MERV A8 Mini-Pleat with Gasket

(MERV 11* Efficiency Rating per ASHRAE 52.2: 2007)

The Filtrete™ Commercial HVAC Filter MERV A8 Mini-Pleat with Gasket features 100% synthetic media that is moisture and humidity resistant. It is an excellent choice as either a pre-filter or as a primary filter.

Toll Free Number: 1-800-648-3550
Website: www.filtrete.com/commercialbuilding

LEED® Claim:
Use of this product helps contribute to LEED® NC/S/CS/CI v3 IEQ Credit 3.1: Construction Indoor Air Quality Management Plan; LEED® EB v3 IEQ Credit 1.5: Indoor Air Quality Best Management Practices.

Environmental/ Energy Advantage:
Filtrete™ Commercial HVAC Filters from 3M combine effective filtration performance with low airflow resistance and long filter life.

* The particle capture efficiency will reduce to the MERV-A reporting value in actual use. Please visit www.whatisMERVA.com for more information.
Filtrete™ Commercial HVAC Filter MERV A11 Mini-Pleat with Gasket

(MERV 12* Efficiency Rating per ASHRAE 52.2: 2007)

The innovative, open filtration media structure and a precise pleat structure, combined with a low pressure drop of the Filtrete™ Commercial HVAC Filter MERV A11 Mini-Pleat with Gasket, can lead to reduced electrical energy consumption.

**Toll Free Number:** 1-800-648-3550  
**Website:** www.filtrete.com/commercialbuilding

**LEED® Claim:**
Use of this product helps contribute to LEED® NC/S/CS/CI v3 IEQ Credit 3.1: Construction Indoor Air Quality Management Plan; LEED® EB v3 IEQ Credit 1.5: Indoor Air Quality Best Management Practices.

**Environmental/ Energy Advantage:**
Filtrete™ Commercial HVAC Filters from 3M combine effective filtration performance with low airflow resistance and long filter life.

* The particle capture efficiency will reduce to the MERV-A reporting value in actual use. Please visit www.whatisMERVA.com for more information.

**Filtrete™ Commercial HVAC Filter MERV A12 Mini-Pleat with Gasket**

(MERV 14* Efficiency Rating per ASHRAE 52.2: 2007)

The Filtrete™ Commercial HVAC Filter MERV A12 is a mini-pleat filter, using 3M media technology. Due to the innovative filtration media, the Filtrete™ Commercial HVAC Filter MERV A12 Mini-Pleat with Gasket, provides robust filtration efficiency in the most extreme commercial office building HVAC environments.

**Toll Free Number:** 1-800-648-3550  
**Website:** www.filtrete.com/commercialbuilding

**LEED® Claim:**
Use of this product helps contribute to LEED® NC/S/CS/CI v3 IEQ Credit 3.1: Construction Indoor Air Quality Management Plan; LEED® EB v3 IEQ Credit 1.5: Indoor Air Quality Best Management Practices.

Filtrete™ Commercial HVAC Filters from 3M combine effective filtration performance with low airflow resistance and long filter life.

* The particle capture efficiency will reduce to the MERV-A reporting value in actual use. Please visit www.whatisMERVA.com for more information.

**Important Use Restriction:**
This filter must not be used as a primary filter in hospitals and healthcare facilities where a MERV 13 or MERV 14 primary filter is required per ASHRAE 170 - 2008. 3M recommends the use of Filtrete™ Commercial HVAC Filter Products with a minimum rating of MERV A14.
Filtrete™ Commercial HVAC Filter MERV A13 Mini-Pleat with Gasket

(MERV 14* Efficiency Rating per ASHRAE 52.2: 2007)

Using 3M™ technology, the Filtrete™ Commercial HVAC Filter MERV A13 Mini-Pleat with Gasket offers an industry leading combination of high in-use efficiency, low pressure drop and a long filter life - all in a compact filter package. The precise balance of mechanical and electret elements is validated by the rigorous industry filter conditioning standard - ASHRAE 52.2 Appendix J.

**Toll Free Number:** 1-800-648-3550  
**Website:** www.filtrete.com/commercialbuilding

**LEED® Claim:**
Use of this product helps contribute to LEED® NC/CS/CI v3 IEQ Credit 5: Indoor Chemical and Pollutant Source Control; to LEED® EB v3 IEQ Credit 1.4: Indoor Air Quality Best Management Practices.

**Environmental/ Energy Advantage:**
Filtrete™ Commercial HVAC Filters from 3M combine effective filtration performance with low airflow resistance and long filter life.

* The particle capture efficiency will reduce to the MERV-A reporting value in actual use. Please visit www.whatisMERVA.com for more information.

**Important Use Restriction:**
This filter must not be used as a primary filter in hospitals and healthcare facilities where a MERV 14 primary filter is required per ASHRAE 170 - 2008. 3M recommends the use of Filtrete™ Commercial HVAC Filter Products with a minimum rating of MERV A14.
Filtrete™ Commercial HVAC Filter MERV A13 V-Bank with Gasket

(MERV 14* Efficiency Rating per ASHRAE 52.2: 2007)

The Filtrete™ V-Bank with Gasket MERV A13 offers our customers a unique combination of performance and design features including integral gaskets and nested pleat packs. This filter is an excellent choice for building owners and facility managers looking to reduce their energy utilization and minimize their total cost of operation, while still providing building occupants with high quality filtered air.

**Toll Free Number:** 1-800-648-3550

---

3M™ Easy Scrub Express Flat Mop System

Swap cleaning products in a snap with the 3M™ Easy Scrub Express Flat Mop System. Interchangeable bottles of cleaning fluid attach to the mops handle and can be quickly switched out for different jobs.

**Toll Free Number:** 1-800-626-8578  
**Website:** www.3M.com/building

**LEED® Claim:**  
LEED®EB v3.0 -IO Credit 1: Innovation in Operations.

**Environmental/ Energy Advantage:**  
Interchangeable bottles fit quickly into a lightweight handle to dramatically reduce waste and help ensure precise dispensing of solutions to the work site.

---

3M™ Easy Shine Applicator System

Floor finish mop applicator with special tubing to dispense floor finish from bags via a lightweight ergonomic designed backpack. Works with reusable applicator pads.

**Toll Free Number:** 1-800-626-8578  
**Website:** www.3M.com/building

**LEED® Claim:**  
LEED®EB v3.0 -IO Credit 1: Innovation in Operations.

**Environmental/ Energy Advantage:**  
Designed to deliver each of the Scotchgard™ Hard Floor Systems, the 3M™ Easy Shine Applicator System is easy to use and reduces floor finish waste when compared to mop and bucket application.
3M™ Easy Trap Duster System

The 3M™ Easy Trap Duster System uses specially designed disposable dusting sheets to trap and hold dirt. Use it daily to maintain floors.

**Toll Free Number:** 1-800-626-8578  
**Website:** www.3M.com/building  
**LEED® Claim:**  
LEED®EB v3.0 - IO Credit 1: Innovation in Operations.  

**Environmental/ Energy Advantage:**  
Traps and holds 6 times more dust, dirt, sand and hair than traditional dust mops—it's the more efficient way to dust.

### Cleaning Chemicals

3M™ Twist 'n Fill™ System Dispenser

A unique, compact, versatile chemical dispenser that dilutes chemical concentrates with water to create ready-to-use cleaning products.

**Toll Free Number:** 1-800-626-8578  
**Website:** www.3M.com/building  
**LEED® Claim:**  

**Environmental/ Energy Advantage:**  
To help minimize packaging and other impacts on the environment, 3M™ Twist 'n Fill™ Cleaning Chemical Management System utilizes a reusable dispenser, concentrated formulas, products that are shipped in bulk, and recyclable packaging designed to help reduce human and environmental exposure to concentrated chemicals.
3M™ Twist 'n Fill™ Cleaning Chemical Management System

The 3M™ Twist ‘n Fill™ Cleaning Chemical Management System features a single dispenser that is designed to accurately dilute and dispense a wide range of cleaning solutions. You pick and choose only the chemicals you need for your cleaning tasks-and dispense them all through the same dispenser.

**Toll Free Number:** 1-800-626-8578  
**Website:** www.3M.com/building

**LEED® Claim:**

**Environmental/ Energy Advantage:**

The 3M™ Twist ‘n Fill™ system is an engineered, controlled system designed to help prevent direct contact with the concentrate. The 3M™ Twist ‘n Fill™ system produces accurate ready-to-use products and offers material safety data sheets (MSDSs) and labels for both concentrates and ready-to-use products. Diluted products formulations were optimized to be effective using cold water instead of hot water, which helps to prevent a possible scalding hazard and can help reduce energy use. To help minimize packaging impacts on the environment, 3M™ Twist ‘n Fill™ uses concentrated formulas, packaging designed to reduce exposure to product, recyclable packaging, pump sprayers rather than aerosols, and products are shipped in bulk.

---

3M™ Glass Cleaner Concentrate 1L

Non-streaking cleaner for windows, glass, mirrors, and other mirrored surfaces. Low flow for use in filling bottles. 2 liter concentrate bottle yields 30 ready-to-use gallons.

**Toll Free Number:** 1-800-626-8578  
**Website:** www.3M.com/building

**LEED® Claim:**

**Environmental/ Energy Advantage:**

This product meets the Green Seal™ standard for cleaning products for industrial and institutional use, GS-37 based on its reduced human and environmental toxicity and reduced volatile organic compound content, with skin and eye irritation met at the as-used dilution.
3M™ Glass Cleaner Concentrate 1P

Green Seal™ Certified non-streaking cleaner for windows, glass, mirrors and other mirrored surfaces. For use in filling bottles or buckets. For use with 3M™ Portable Dispensing System.

**Toll Free Number:** 1-800-626-8578

**Website:** www.3M.com/building

**LEED® Claim:**
Use of this product helps contribute to LEED® EB O&M updated 2/11 -IEQ Credit 3.1: Green Cleaning - High Performance Cleaning Program, LEED®O&M- IEQ Credit 3.3 EB v3.0 -IO Credit 1: Innovation in Operations.

**Environmental/ Energy Advantage:**
This product meets the Green Seal™ standard for cleaning products for industrial and institutional use, GS-37 based on its reduced human and environmental toxicity and reduced volatile organic compound content, with skin and eye irritation met at the as-used dilution.

3M™ Heavy Duty Multi-Surface Cleaner Concentrate 2L

Versatile cleaner removes most spots, stains and grease from washable surfaces. Use to remove marks from carpets, marble, aluminum, stainless steel and chrome. 2 liter concentrate bottle yields 7 ready-to-use gallons.

**Toll Free Number:** 1-800-626-8578

**Website:** www.ww.3M.com/building

**LEED® Claim:**

**Environmental/ Energy Advantage:**
This product is sold in a concentrate form, which helps reduce packaging and transportation costs when compared to products that are not sold as concentrates. This product is also designed to be effective using cold water only, instead of hot, which can help to reduce energy costs and prevent the potential for scalding. In addition, the packaging is recyclable, and the container has been engineered to help ensure proper dilution and also help reduce human and environmental exposure to the concentrated chemicals. All of these features help reduce waste of both product and non-renewable resources, and reduce the impact the product may have on human health and the environment. This product can also help contribute toward credits under the LEED® green building program.
3M™ Neutral Cleaner Concentrate 3H

No-rinse, low-foaming formula won't harm washable hard floors or leave soapy residue that can dull or soften floor finish. Use with mop or automatic scrubber. Fresh scent. 2 liter concentrate bottle yields 207 ready-to-use gallons.

**Toll Free Number:** 1-800-626-8578  
**Website:** www.3M.com/building

**LEED® Claim:**

**Environmental/ Energy Advantage:**
This product meets the Green Seal™ standard for cleaning products for industrial and institutional use, GS-37 based on its reduced human and environmental toxicity and reduced volatile organic compound content.

---

3M™ Neutral Cleaner Concentrate 3P

Green Seal™ Certified no-rinse, low-foaming formula won’t harm washable hard floors or leave soapy residue that can dull or soften floor finish. Use with bottle, mop or automatic scrubber. Fresh scent. For use with 3M (TM) Portable Dispensing System.

**Toll Free Number:** 1-800-626-8578

This product is also designed to be effective using cold water only, instead of hot, which can help to reduce energy costs and prevent the potential for scalding. In addition, the packaging is recyclable, and the container has been engineered to help ensure proper dilution and also help reduce human and environmental exposure to the concentrated chemicals. All of these features help reduce waste of both product and non-renewable resources, and reduce the impact the product may have on human health and the environment. This product can also help contribute toward credits under the LEED® green building program.
3M™ Heavy Duty Aircraft Cleaner Concentrate 72L

High-performance, heavy-duty, multipurpose cleaner approved for cleaning interior and exterior aircraft surfaces. 2 liter concentrate bottle yields 4 ready-to-use gallons.

Toll Free Number: 1-800-626-8578
Website: www.3M.com/building

LEED® Claim:

Environmental/ Energy Advantage:
This product is sold in a concentrate form, which helps reduce packaging and transportation costs when compared to products that are not sold as concentrates. This product is also designed to be effective using cold water only, instead of hot, which can help to reduce energy costs and prevent the potential for scalding. In addition, the packaging is recyclable, and the container has been engineered to help ensure proper dilution and also help reduce human and environmental exposure to the concentrated chemicals. All of these features help reduce waste of both product and non-renewable resources, and reduce the impact the product may have on human health and the environment. This product can also help contribute toward credits under the LEED® green building program.
3M™ Deodorizer Concentrates

Toll Free Number: 1-800-626-8578  
Website: www.3M.com/building  
LEED® Claim:

Scotchgard™ Low Maintenance 18 Floor Finish

Low maintenance, economical floor finish. Quick-drying formula is responsive to spray buffing and burnishing. Use on most hard floors maintained with machines of any speed.

Toll Free Number: 1-800-626-8578  
Website: www.3M.com/building  
LEED® Claim:  
Use of this product helps contribute to LEED®O&M- IEQ Credit 3.3 LEED®EB v3.0 -IO Credit 1: Innovation in Operations.

Environmental/ Energy Advantage:  
Abrasion resistance testing shows more than 4 times greater durability than competitive floor finishes. Reduced maintenance compared to traditional acrylic finishes means you reduce staff and environmental exposure to harsh stripping chemicals.
Scotchgard™ Low Maintenance 25 Floor Finish

Exceptionally tough and durable, low maintenance, 25% solids floor finish provides a “wet-look” gloss with less burnishing. Dries fast for outstanding image and film clarity. Use on resilient tile and terrazzo floors.

Toll Free Number: 1-800-626-8578
Website: www.3M.com/building

LEED® Claim:
Use of this product helps contribute to LEED® O&M- IEQ Credit 3.3 LEED® EB v3.0 - IO Credit 1: Innovation in Operations.

Environmental/ Energy Advantage:
Abrasion resistance testing shows more than 4 times greater durability than competitive floor finishes. Reduced maintenance compared to traditional acrylic finishes means you reduce staff and environmental exposure to harsh stripping chemicals.

Scotchgard™ Stone Floor Protector

High performance floor surface hardener and protective clear finish for concrete, marble, terrazzo, and other porous stone surfaces. Produces a glossy, hard, dust repellent, chemical-resistant and water-resistant surface. For use with the 3M™ Easy Shine Applicator System.

Toll Free Number: 1-800-626-8578
Website: www.3M.com/building

LEED® Claim:
Use of this product helps contribute to LEED® O&M- IEQ Credit 3.3 LEED® EB v3.0 - IO Credit 1: Innovation in Operations.

Environmental/ Energy Advantage:
Scotchgard™ Stone Floor Protector helps reduce worker and environmental exposure to harsh floor stripping chemicals, because stripping is not recommended for maintenance. Eliminating stripping operations also helps reduce water use associated with maintenance, and may help customers meet local waste water discharge requirements, including zinc restrictions. The National Floor Safety Institute (NFSI) has certified this product as providing "high traction,” based upon a wet static coefficient of friction (SCOF) determination of greater than 0.60.

Scotchgard™ UHS 25 Floor Finish

Quick-drying, easily repaired coating gives you the deepest “wet look” for high-frequency burnishing programs. For use on resilient tile and terrazzo floors with ultra high speed machines (1,500 rpms and higher). For use with the 3M™ Easy Shine Applicator System.

Toll Free Number: 1-800-626-8578
Website: www.3M.com/building

LEED® Claim:
Use of this product helps contribute to LEED® O&M- IEQ Credit 3.3 LEED® EB v3.0 - IO Credit 1: Innovation in Operations.

Environmental/ Energy Advantage:
Abrasion resistance testing shows more than 4 times greater durability than competitive floor finishes. Reduced maintenance compared to traditional acrylic finishes means you reduce staff and environmental exposure to harsh stripping chemicals.
Scotchgard™ Vinyl Floor Protector

High performance floor protector that utilizes nano-sized, inorganic particles. Applied with the 3M™ Easy Shine Applicator and has excellent stain, scuff and scratch resistance.

**Toll Free Number:** 1-800-626-8578
**Website:** www.3M.com/building

**LEED® Claim:**
Use of this product helps contribute to LEED® O&M- IEQ Credit 3.3 LEED® EB v3.0 -IO Credit 1: Innovation in Operations.

**Environmental/ Energy Advantage:**
Scotchgard™ Vinyl Floor Protector is a high-performance floor protector. It reduces maintenance compared to traditional finishes, and is not stripped, eliminating staff and environmental exposure to harsh stripping chemicals. Works well on VCT and sheet vinyl/linoleum.

---

Floor Pads

3M™ Floor Pads - Buffing & Cleaning

Floor pads are essential to the success of beautiful-looking floors. The nonwoven construction comes in a variety of sizes and shapes that are designed to be used on power floor cleaning equipment. Pads for removing light soil, scuffs and black heel marks while enhancing floor appearance. Equipment type: low to high speed machines (175-1500 RPM),

**Toll Free Number:** 1-800-626-8578
**Website:** www.3M.com/building

**LEED® Claim:**
Use of these products helps contribute to LEED® EB v2.0 - MR Credit 5.1-5.3 Occupant Recycling, LEED® EB v2.0 IUOM Credit 1.1 - 1.4 Innovations in Upgrades, Operations and Maintenance, LEED® EB Operations & Maintenance - MR Credit 5.1-5.3 Occupant Recycling, LEED® EB Operations & Maintenance - Innovation Credit 1.1- 1.4: Innovation in Operations, LEED® EB v3.0 - MR Credit 7: Solid Waste Management - Ongoing Consumables, LEED® EB v3.0 -IO Credit 1: Innovation in Operations. LEED(R) EB O&M MR Credit 7

**Environmental/ Energy Advantage:**
The right abrasive paired with the proper fibers using proprietary manufacturing techniques yields a pad that is durable and reusable, helping to postpone end-of-life disposal to landfills.
3M™ Floor Pads - Burnishing

Floor pads are essential to the success of beautiful-looking floors. The nonwoven construction comes in a variety of sizes and shapes that are designed to be used on power floor cleaning equipment. Repair finish and improve gloss and image clarity of floor surface. Equipment type: ultra high speed machines (1500 RPM and above).

Environmental/ Energy Advantage:
The right abrasive paired with the proper fibers using proprietary manufacturing techniques yields a pad that is durable and reusable, helping to postpone end-of-life disposal to landfills.

Scotch-Brite™ Purple Diamond Floor Pad Plus

Diamond coated floor pads for cleaning and polishing marble, terrazzo, slate, and polished concrete flooring. 5 per case.

Toll Free Number: 1-800-626-8578
Website: www.3M.com/building

LEED® Claim:

Environmental/ Energy Advantage:
Scotch-Brite™ Diamond Floor Pad System allows the maintenance and polishing of stone, marble and terrazzo flooring without the use of floor finishes and strippers, helping to eliminate the slue of floor finish and floor stripping chemicals in a stone floor maintenance program.
Scotch-Brite™ Surface Preparation Pads

Scotch-Brite™ Surface Preparation Pads are engineered to reduce the need for chemical strippers and labor hours associated when preparing a floor surface ready for refinishing. Scotch-Brite™ Surface Preparation Pads require only neutral cleaner or water to effectively remove floor finish, preparing the floor for finish application.

Environmental/ Energy Advantage:

Scotch-Brite™ Surface Preparation Pads are engineered to reduce the need for chemical strippers and labor hours associated when preparing a floor surface ready for refinishing. Scotch-Brite™ Surface Preparation Pads require only neutral cleaner or water to effectively remove floor finish, preparing the floor for finish application.

3M™ Nomad™ Carpet Matting 5000

For placement inside entrances. Attractive cross-rib, dual-fiber design that scrapes dirt and removes water. Slip-resistant vinyl backing won’t stain the floor and prevents dirt and moisture from falling through mat to the floor.

Environmental/ Energy Advantage:

3M™ Nomad™ Matting traps, holds, and hides dirt and water. Preventing dirt and water from entering a facility helps to maintain a clean and safe environment, not only by providing a clean appearance, but also by helping to reduce slip and fall incidents. Reducing the amount of water and dirt tracked into a facility can also help prevent damage to floor finishes and reduce the amount of time needed to clean the floors. By decreasing the frequency at which floors need to be stripped, re-coated, and cleaned, you can also help reduce the amount of time, energy, and chemicals needed to carry out these operations.
3M™ Nomad™ Heavy Traffic Backed Scraper Matting 8150
Entrance coiled vinyl scraper matting designed for heavy-traffic applications. The solid vinyl backing retains dirt and moisture. Grease- and oil-resistant.

**Toll Free Number:** 1-800-626-8578  
**Website:** www.3M.com/building

**Environmental/ Energy Advantage:**  
Energy savings through control of lime-scale formation on ice machine evaporator plates. 25,000 gallon capacity for chlorine taste and odor reduction; scale reduction; sediment reduction, cyst reduction (ICE140-S), and bacteria reduction.

---

**Window Films**

**3M™ Safety & Security Window Film Ultra Neutral S35**

Exceptional performance. Up to 42 micro-layers make 3M™ Ultra Series films totally unique as well as tough and tear-resistant. This film delivers superior performance over standard polyester films in blast and impact events, yet still maintains a high level of optical clarity. Ultra Series films can also be combined with many 3M™ Sun Control Films to give you the best of both worlds.

**Toll Free Number:** 1-866-499-8857  
**Website:** www.3M.com/windowfilm  
**LEED® Claim:**  
Use of this product helps contribute to LEED® NC v2.2, EB V2.0- EA Prerequisite 2: Minimum Energy Performance; and LEED® NC v2.2, EB V2.0- EA Credit 1: Optimize Energy Performance.

**Environmental/ Energy Advantage:**  
Helps increase personal safety from flying glass and deter smash and grab burglaries. Helps mitigate damage from windstorms, blasts and earthquakes. 3M™ Window Films are designed to reduce the effects of solar heat and visible light on your furnishings and will block up to 99% of the sun's harmful ultraviolet rays, which are the single largest cause of fading. Additional benefits include reduced glare and improved comfort. 3M™ Ultra Safety & Security Window Film Ultra Neutral S35 rejects up to 56% of the sun's heat that comes through the window.
3M™ Safety & Security Window Film Ultra Neutral S50

Exceptional performance. Up to 42 micro-layers make 3M™ Ultra Series films totally unique as well as tough and tear-resistant. This film delivers superior performance over standard polyester films in blast and impact events, yet still maintains a high level of optical clarity. Our films block up to 99% of the sun's damaging UV rays which are the single largest cause of fading and sun damage. Additional benefits include an elegant appearance, reduced glare and improved comfort. 3M™ Amber Low E Sun Control Window Film rejects up to 75% of the sun's heat that comes through the window. By reducing heat, you can help save on your energy costs. The Skin Cancer Foundation recommends many 3M™ Window Film products as effective UV protectants.

---

3M™ Sun Control Window Film Night Vision Series

Better sight at night. Night Vision Series window films help block the sun's damaging UV rays and control heat and glare. You can let natural light into your space by day, and, thanks to a low interior reflectivity, still enjoy the view out at night. Medium to dark versions of this film also provide privacy so a passerby won't be able to see into your building during the day.

**Toll Free Number:** 1-866-499-8857

Use of this product helps contribute to LEED® NC v2.2, EB V2.0- EA Prerequisite 2: Minimum Energy Performance; and LEED® NC v2.2, EB V2.0- EA Credit 1: Optimize Energy Performance.

**Environmental/ Energy Advantage:**
Our films block up to 99% of the sun's damaging UV rays which are the single largest cause of fading and sun damage. Additional benefits include an elegant appearance, reduced glare and improved comfort. 3M™ Neutral Sun Control Window Films reject up to 66% of the sun's heat that comes through the window. By reducing heat, you can help save on your energy costs. The Skin Cancer Foundation recommends many 3M™ Window Film products as effective UV protectants.
3M™ Sun Control Window Films Silver

High heat reduction. These tinted, reflective films combine high heat reduction with a quick return on investment.

**Toll Free Number:** 1-866-499-8857

**LEED® Claim:**
Use of this product helps contribute to LEED® NC v2.2, EB V2.0- EA Prerequisite 2: Minimum Energy Performance; and LEED® NC v2.2, EB V2.0- EA Credit 1: Optimize Energy Performance.

**Environmental/ Energy Advantage:**
Our films block up to 99% of the sun's damaging UV rays which are the single largest cause of fading and sun damage. Additional benefits include an elegant appearance, reduced glare and improved comfort. 3M™ Sun Control Window Films Silver reject up to 77% of the sun's heat that comes through the window. By reducing heat, you can help save on your energy costs. The Skin Cancer Foundation recommends many 3M™ Window Film products as effective UV protectants.
Adhesives & Sealants

3M™ Hi-Strength 90 Spray Adhesive

3M™ Hi-Strength 90 Spray Adhesive quickly bonds to concrete, wood, MDF, laminates, or polyethylene.

**LEED® Claim:**

This product meets the criteria for aerosol adhesives in the United States Green Building Council's LEED® NC, Green Building Rating System for New Construction and Major Renovations, Version 2.2, Environmental Quality ("EQ") Credit 4.1. Volatile Organic Carbons (less exempt solvents) are 54% by weight (below the 55% category limit) and this product meets the other product specific health and environmental requirements for aerosol adhesives listed in EQ Credit 4.1. In addition, this product is not manufactured with urea-formaldehyde resins or polymers.

**Environmental/ Energy Advantage:**

This product meets the criteria for aerosol adhesives in the United States Green Building Council's LEED® NC, Green Building Rating System for New Construction and Major Renovations, Version 2.2, Environmental Quality ("EQ") Credit 4.1. **Construction & Home Improvement**

**Air Filtration**

**Filtrete™ Ultra Quiet Room Air Purifier**

The Filtrete™ Ultra Quiet Room Air Purifier cleans room sizes up to 90 square feet, ideal for a small bedroom or home office. The Filter is 96% effective at capturing large allergens like pollen, mold spores and dust mite debris.

**Toll Free Number:** 1-800-388-3458  
**Website:** www.filtrete.com

**LEED® Claim:**

This product helps you meet the LEED® MR Credit 2. The equipment is ENERGY STAR® qualified.

**Environmental/ Energy Advantage:**

This product meets the requirements for the ENERGY STAR® room air cleaner guidelines.

**Fire Protection**

**3M™ Fire Barrier Sealant CP 25WB+**

High-performance latex-based intumescent firestop sealant.

**Toll Free Number:** 1-800-328-1687  
**Website:** www.3M.com/firestop

**LEED® Claim:**

VOC content* complies with the intent of LEED® NC-EQ Credit 4.1 for Low-Emitting Materials: Adhesives and Sealants, (*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

**Environmental/ Energy Advantage:**

(*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

---

**3M™ Fire Barrier Sealant FD 150+**

Ready-to-use, gun-grade latex-based elastomeric sealant that cures upon exposure to the atmosphere to form a monolithic flexible firestop seal.

**Toll Free Number:** 1-800-328-1687  
**Website:** www.3M.com/firestop

**LEED® Claim:**

VOC content* complies with the intent of LEED® NC-EQ Credit 4.1 for Low-Emitting Materials: Adhesives and Sealants, (*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

**Environmental/ Energy Advantage:**

(*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).
3M™ Fire Barrier Sealant IC 15WB+

Economical, general-purpose latex-based intumescent firestop sealant.

Toll Free Number: 1-800-328-1687
Website: www.3M.com/firestop

LEED® Claim:
VOC content* complies with the intent of LEED® NC-EQ Credit 4.1 for Low-Emitting Materials: Adhesives and Sealants, (*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

Environmental/ Energy Advantage:
(*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

3M™ Fire Barrier Silicone Sealant 2000+

Elastomeric, ready-to-use, single-component, neutral-cure silicone sealant that cures upon exposure to atmospheric humidity to form a flexible firestop seal that also acts as a barrier to airborne sound transmission.

Toll Free Number: 1-800-328-1687
Website: www.3M.com/firestop

LEED® Claim:
VOC content* complies with the intent of LEED® NC-EQ Credit 4.1 for Low-Emitting Materials: Adhesives and Sealants, (*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

Environmental/ Energy Advantage:
(*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

3M™ Fire Barrier Water Tight Sealant 1000 NS

Non-slump, ready-to-use, single component, neutral cure, elastomeric silicone firestop that also acts as a barrier to water leakage and airborne sound transmission.

Toll Free Number: 1-800-328-1687
Website: www.3M.com/firestop

LEED® Claim:
VOC content* complies with the intent of LEED® NC-EQ Credit 4.1: Credit 4.1 for Low-Emitting Materials: Adhesives and Sealants, (*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

Environmental/ Energy Advantage:
(*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).
3M™ Fire Barrier Water Tight Sealant 1003 SL

Self-leveling, ready-to-use, single component, neutral cure, elastomeric silicone firestop that also acts as a barrier to water leakage and airborne sound transmission.

**Toll Free Number:** 1-800-328-1687  
**Website:** www.3M.com/firestop

**LEED® Claim:**  
VOC content* complies with the intent of LEED® NC-EQ Credit 4.1: Credit 4.1 for Low-Emitting Materials: Adhesives and Sealants, (*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

**Environmental/ Energy Advantage:**
(*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

---

3M™ Fire Barrier Water Tight Sealant 3000 WT

Ready-to-use, high-performance, single component, neutral cure, silicone firestop that also acts as a barrier to water leakage and airborne sound transmission. Provides up to 4-hour fire protection. Light gray color with black flecks, no mixing required.

**Toll Free Number:** 1-800-328-1687  
**Website:** www.3M.com/firestop

**LEED® Claim:**  
VOC content* complies with the intent of LEED® NC-EQ Credit 4.1: Credit 4.1 for Low-Emitting Materials: Adhesives and Sealants, (*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

**Environmental/ Energy Advantage:**
(*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

---

3M™ FireDam™ Spray 200

Sprayable water-based material, that dries to form a durable, elastomeric firestop coating. This material, when used as part of an assembly, will firestop building joints, perimeter joints (curtain wall), and through penetration seals. Provides up to 4-hour fire protection in construction joints. Gray spray (also available in red), ± 50% movement capabilities.

**Toll Free Number:** 1-800-328-1687  
**Website:** www.3M.com/firestop

**LEED® Claim:**  
VOC content* complies with the intent of LEED® NC-EQ Credit 4.2: Low Emitting Materials: Paints and Coatings (*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).

**Environmental/ Energy Advantage:**
(*VOC content is calculated less water and exempt compounds per SCAQMD Rule 1168).
Scotch® Greener Masking Tape

3M™ Scotch® Greener Masking Tape is the professional's choice for projects where higher adhesion tapes are needed. Now these same trusted tapes have a better environmental impact that you and your consumers can feel good about.

**Toll Free Number:** 1-800-494-3552  
**Website:** www.ScotchBlue.com

**LEED® Claim:**
Use of this product helps contribute to LEED® EB O&M MR Credit 1: Sustainable Purchasing - Ongoing Consumables, as Scotch® Masking Tape #2050 contains >10% postconsumer waste.

**Environmental/ Energy Advantage:**
This product contains 30% recycled fiber into the tape backing. Tape core contains >90% recycled fiber and is recyclable. Tape is made with a solvent-less adhesive coating process.

Scotch® Masking Tape for Pro Painting #2065

Scotch® Masking Tape for Pro Painting is a medium-high adhesion tape with a clean removal time of five days. Works well for general purpose applications such as window, door and wall trim, cabinets and carpet & vinyl flooring.

**Toll Free Number:** 1-800-494-3552  
**Website:** www.ScotchBlue.com

**LEED® Claim:**
Use of this product helps contribute to LEED® EB O&M MR Credit 1: Sustainable Purchasing - Ongoing Consumables, as Scotch® Masking Tape #2065 contains >10% postconsumer waste.

**Environmental/ Energy Advantage:**
This product contains 30% recycled fiber into the tape backing. Tape core contains >90% recycled fiber and is recyclable. Tape is made with a solvent-less adhesive coating process.
Air Cleaning

3M™ Office Air Cleaners - OAC150 and OAC250
Compact-sized air cleaners help clean the air and reduce odors in your work area. 3M™ Office Air Cleaners have a three-stage filter design that includes both Filtrete™ filter media, ionization for airborne particulate removal and carbon for odor reduction. The OAC150 is recommended for 16’ x 16’ rooms and the OAC250 is recommend for 16’ x 20’ rooms.

Toll Free Number: 1-800-332-7483
Website: www.3M.com/myworkspace

LEED® Claim:
Use of this product helps contribute to LEED® Green Building Certification EB O&M Credit 2.1 Sustainable Purchasing: Electric-Powered Equipment because 3M™ Office Air Cleaners are ENERGY STAR® qualified.

Environmental/ Energy Advantage:
3M™ Office Air Cleaners use Filtrete™ Filters and have an ionization feature which enhances cleaner efficiency. Products that earn the ENERGY STAR® prevent greenhouse gas emissions by meeting strict energy efficiency guidelines set by the U.S. Environmental Protection Agency and the U.S. Department of Energy.

Desk Solutions

3M™ Adjustable Keyboard Trays
3M™ Adjustable Keyboard trays come in a wide variety of designs and features to suit your working style as well as your workspace.

Toll Free Number: 1-800-332-7483
Website: www.3M.com/myworkspace

LEED® Claim:
Use of this product helps contribute to LEED® Green Building Certification EB O&M Credit 2.2 Sustainable Purchasing: Durable Goods because 3M™ Adjustable Keyboard Trays contain a minimum of 20% recycled content, exceeding the recycled content required in Credit 2.2.

Environmental/ Energy Advantage:
This product line is made from 25% or 70% recycled content by volume.
Post-it® Greener Notes - Canary Yellow

Post-it® Notes are perfect for capturing messages, telephone numbers, to-do items and reminders to others and yourself. Made from 100% recycled paper (30% postconsumer) in Canary Yellow.

**Toll Free Number:** 1-800-395-1223  
**Website:** www.Post-it.com

**LEED® Claim:**  
Use of this product helps contribute to LEED® Green Building Certification EB O&M MR Credit 1 Sustainable Purchasing: Ongoing Consumables because Post-it® Greener Notes - Canary Yellow - contain a minimum of 30% postconsumer recycled content.

**Environmental/ Energy Advantage:**  
This product is made with 100% recycled paper and contains a minimum of 30% postconsumer recycled content. Product is Sustainable Forestry Initiative (SFI) Chain of Custody certified. The adhesive is 67% plant-based material by weight. All Post-it® Notes are recyclable. Please recycle.

---

Post-it® Greener Notes - Sunwashed Pier Colors

Post-it® Notes are perfect for capturing messages, telephone numbers, to-do items and reminders for yourself and others. Made from 100% recycled paper (30% postconsumer) in an assortment of pastel colors.

**Toll Free Number:** 1-800-395-1223  
**Website:** www.Post-it.com

**LEED® Claim:**  
Use of this product helps contribute to LEED® Green Building Certification EB O&M MR Credit 1 Sustainable Purchasing: Ongoing Consumables because Post-it® Greener Notes - Sunwashed Pier Colors - contain a minimum of 30% postconsumer recycled content.

**Environmental/ Energy Advantage:**  
This product is made with 100% recycled paper and contains a minimum of 30% postconsumer recycled content. Product is Sustainable Forestry Initiative (SFI) Chain of Custody certified. The adhesive is 67% plant-based material by weight. All Post-it® Notes are recyclable. Please recycle.

---

Post-it® Greener Page Markers 671-4RP-A, 1 in x 3 in

Find what matters Fast! Post-it® Greener Page Markers are perfect to help indicate important information to save time. Use them to mark pages in books, find articles in magazines or color-code personal papers. They’ll stay securely in place, yet still remove easily without damaging the page, and are available in assorted pastel colors made from 100% recycled paper (30% postconsumer) and the adhesive is 67% plant-based material by weight.

**LEED® Claim:**  
Use of this product helps contribute to LEED® Green Building Certification EB O&M MR Credit 1 Sustainable Purchasing: Ongoing Consumables because Post-it® Greener Page Markers contain a minimum of 30% postconsumer recycled content.

**Environmental/ Energy Advantage:**  
This product is made with 100% recycled paper and contains a minimum of 30% postconsumer recycled content. Product is Sustainable Forestry Initiative (SFI) Chain of Custody Certified. The adhesive is 67% plant-based material by weight. All Post-it® Notes are recyclable. Please recycle.
Post-it® Super Sticky Recycled Notes - Farmers Market Colors

Post-it® Super Sticky Notes stick practically anywhere! Revolutionary adhesive technology ensures your notes will stick securely to more surfaces. Now you can stick your notes where they will really get noticed...like monitors, doors and walls! Made from recycled paper (30% postconsumer) in Farmers Market Colors.

**Toll Free Number:** 1-800-395-1223  
**Website:** [www.Post-it.com](http://www.Post-it.com)  
**LEED® Claim:**  
Use of this product helps contribute to LEED® Green Building Certification EB O&M MR Credit 1 Sustainable Purchasing: Ongoing Consumables because Post-it® Super Sticky Notes - Farmers Market Colors - contain a minimum of 30% postconsumer recycled content.

**Environmental/ Energy Advantage:**  
This product is made with a minimum of 30% postconsumer recycled content. Product is Sustainable Forestry Initiative (SFI) Chain of Custody Certified. All Post-it® Notes are recyclable. Please recycle.

---

Post-it® Super Sticky Recycled Notes - Tropic Breeze Colors

Post-it® Super Sticky Notes stick practically anywhere! Revolutionary adhesive technology ensures your notes will stick securely to more surfaces. Now you can stick your notes where they will really get noticed...like monitors, doors and walls! Made from recycled paper (30% postconsumer) in Tropic Breeze Colors.

**Toll Free Number:** 1-800-395-1223  
**Website:** [www.Post-it.com](http://www.Post-it.com)  
**LEED® Claim:**  
Use of this product helps contribute to LEED® Green Building Certification EB O&M MR Credit 1 Sustainable Purchasing: Ongoing Consumables because Post-it® Super Sticky Notes - Tropic Breeze Colors - contain a minimum of 30% postconsumer recycled content.

**Environmental/ Energy Advantage:**  
This product is made with a minimum of 30% postconsumer recycled content. Product is Sustainable Forestry Initiative (SFI) Chain of Custody Certified. All Post-it® Notes are recyclable. Please recycle.
Presentation Products

3M™ Dry Erase Boards

3M™ Dry Erase Boards with melamine surfaces are built to last and are available in Aluminum, Graphite-, Mahogany- and Light Cherry-finish frame styles. Convenient tray easily snaps into place. Simple mounting system for easy installation, and tool-free mounting of boards 4’ x 3’ or smaller using Command™ Picture Hanging Strips.

**Toll Free Number:** 1-800-395-1223

**Website:** www.3M.com/myworkspace

**LEED® Claim:**
Use of this product helps contribute to LEED® Green Building Certification EB O&M Credit 2.2 Sustainable Purchasing: Durable Goods because 3M™ Dry Erase Boards with melamine surfaces contain 25% recycled content, exceeding the recycled content required in Credit 2.2.

**Environmental/ Energy Advantage:**
Made from 25% recycled content.

Post-it® Easel Pads with recycled paper

Perfect for brainstorming, problem solving and presentations. Bleed-through resistant sheets pull off easily, stick securely to a variety of surfaces and remove cleanly. Sheets are made from a minimum of 30% postconsumer content. The paper is SFI Chain of Custody Certified, and comes from forests that are well-managed and trees that are regrown.

**Toll Free Number:** 1-800-328-6276

**Website:** www.Post-it.com/Easel

**LEED® Claim:**
Use of this product helps contribute to LEED® Green Building Certification EB O&M MR Credit 1 Sustainable Purchasing: Ongoing Consumables because Post-it® Easel Pads with recycled content contain a minimum of 30% postconsumer recycled content.

**Environmental/ Energy Advantage:**
The sheets are made with a minimum of 30% postconsumer recycled content. This product is recyclable, as are all Post-it® Easel Pads. SFI Chain of Custody Certified.
3M™ Nextel™ Ceramic Textiles and Composites

3M™ Nextel™ Ceramic Textiles and Composites provide innovative solutions in industries from aerospace to petroleum refining to metal processing. The outstanding thermal protection provided by Nextel™ Fabrics, Tapes and Sleevings allows engineers and manufacturers to handle high temperature applications up to 2500°F (1371°C).

Toll Free Number: 800-367-8905
Website: www.3M.com/ceramics

LEED® Claim:
Use of this product helps comply with LEED® NC v2.2, EB V2.0- EA Prerequisite 2: Minimum Energy Performance; and LEED® NC v2.2, EB V2.0- EA Credit 1: Optimize Energy Performance.

Environmental/ Energy Advantage:
Among multiple uses, 3M™ Nextel™ Textiles are employed to seal tubes in refinery applications retaining their strength and flexibility even after prolonged exposure to temperatures in excess of 2200°F. They prevent the ingress of tramp air and save money by decreasing fuel consumption, reducing heat losses and controlling excess oxygen.

Fire Protection

3M™ Novec™ 1230 Fire Protection Fluid

3M™ Novec™ 1230 Fire Protection Fluid is a next-generation halon replacement, designed to address concerns for human safety, extinguishing performance and the environment. Unlike first-generation HFCs, Novec™ 1230 fluid defines sustainable clean agent protection with the following features: zero ozone depletion potential, a global warming potential of one, five-day atmospheric lifetime, safe for occupied spaces.

3M™ Novec™ 1230 Fire Protection Fluid can effectively be applied in flooding applications for Data Processing Centers, Telecommunications, Commercial and Military Aviation, Commercial Marine, Military Systems, Oil and Gas Petrochemical Facilities, Transportation, Recreation, Cultural Facilities, Medical Facilities, Manufacturing Facilities and Storage Areas.

Toll Free Number: 1-800-810-8513
Website: www.3M.com/Novec

LEED® Claim:
Use of this product helps contribute to LEED® NC v2.2- EA Credit 4: Enhanced Refrigerant Management; and LEED® EB v2.0- EA Credit 4 Additional Ozone Protection.

Environmental/ Energy Advantage:
With zero ozone depletion potential, extremely low global warming potential and short atmospheric lifetime, 3M™ Novec™ 1230 Fire Protection Fluid is the first chemical halon replacement to offer a viable, long-term, sustainable technology for clean agent fire protection.
3M™ Cool Roofing Granules

3M is the world's leading supplier of colored and specialty granules for use in the asphalt shingle industry. 3M recently added eight new colors, expanding the line of Cool Roofing Granules to nearly 20 wide ranging vivid colors. Cool Roofing Granules represent an energy efficient roofing granule technology. Based on 3M reflectivity test methods, Cool Roofing Granules are up to three times more reflective than comparable typical colored granules, which can help keep your home cool resulting in reduced energy consumption and lower energy cost.

Toll Free Number: 1-800-447-2914
Website: www.scotchgard.com/roofinggranules

LEED® Claim:
Use of this product helps contribute to LEED® NC v2.2- SS Credit 7.2: Heat Island Effect: Roof; and LEED® EB v2.0- SS Credit 6.2 Heat Island Reduction: Roof.

Environmental/ Energy Advantage:
Can help keep your home cool with less energy consumption and lower energy cost. 3M™ Cool Roofing Granules in the appropriate blend combination meet or exceed the 25% initial reflectance in order to qualify for the United States Environmental Protection Agency Energy Star® program.
Industrial Tapes

Construction

3M™ All Weather Flashing Tape 8067

A self-adhesive weather-resistant barrier tape for use in the construction industry to seal windows and door openings against moisture intrusion. The tape has a unique, aggressive acrylic adhesive and thin, proprietary backing that works both on dry and damp surfaces. The tape bonds on contact to a variety of materials at application even in extreme temperatures beyond the range of traditional asphaltic or butyl flashing tapes, from zero degrees to 120 degrees F. The proprietary backing also resists punctures and self-seals around nails and staples. While it can conform to irregular surfaces and contours for a tight seal, it is thin enough to fit into corners and under siding. A UV-stabilized backing resists sunlight exposure for 6 months. With a fast, convenient application, the tape also has no adverse reaction with many building sealants.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/industrialtape
LEED® Claim:

Double Coated Urethane Foam Tapes

3M™ Double Coated Urethane Foam Tape 4016

1/16 in. Thick Open Cell Urethane Foam Flexible Carrier with High Shear, High Temperature Resistant Acrylic Adhesive. Use to Fill Gaps and Bond Irregular Surfaces. Distributes Stress Uniformly Over Bonded Area. Apply by Hand or with Dispenser.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/adhesives
LEED® Claim:
Helps contribute to LEED® NC, CI, CS EO Credit 4.1 - Low Emitting Materials: Adhesives and Sealants.

3M™ Double Coated Urethane Foam Tape 4026

1/16 in. Thick, Open Cell Urethane Foam Flexible Carrier with High Shear, High Temperature Resistant Acrylic Adhesive. Use to Fill Gaps and Bond Irregular Surfaces. Distributes Stress Uniformly Over Bonded Area. Apply by Hand or with Dispenser.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/adhesives
LEED® Claim:
Helps contribute to LEED® NC, CI, CS EO Credit 4.1 - Low Emitting Materials: Adhesives and Sealants.
3M™ Aluminum Foil Tape 425

Dead-soft aluminum foil tape with a pressure sensitive acrylic adhesive, excellent heat and light reflection to protect against high temperatures and U.V. degradation. The foil also serves as an excellent barrier against moisture, dust, flame, and certain chemicals as used in aircraft paint stripping masking. Acrylic adhesive supplies superior temperature, U.V. and solvent resistance. It provides excellent age life and is ideal for harsh, long-term outdoor environments.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/industrialtapes

LEED® Claim:
Helps contribute to LEED® NC, CI, CS EO Credit 4.1 - Low Emitting Materials: Adhesives and Sealants.

Scotch® Foil Tape 3311

Aluminum alloy foil with a pressure-sensitive adhesive and paper liner. The aggressive rubber adhesive sticks well to most surfaces and the paper liner makes for convenient and reliable use. Ideal for sealing aluminum faced insulation seams and joints.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/industrialtapes

LEED® Claim:
Helps contribute to LEED® NC, CI, CS EO Credit 4.1 - Low Emitting Materials: Adhesives and Sealants.

Scotch® Foil Tape 3326

Aluminum foil backing with a pressure sensitive acrylic adhesive and paper liner. The foil backing is printed to indicate its compliance with UL181A-P and UL181B-FX standards. The convenient paper liner provides easy application and assurance of adhesive integrity. Use for joining and sealing fiberglass duct board joints and seams, joining and sealing flexible air duct seams and connections, and in applications to preserve vapor barrier integrity.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/industrialtapes

LEED® Claim:
Helps contribute to LEED® NC, CI, CS EO Credit 4.1 - Low Emitting Materials: Adhesives and Sealants.
3M™ Construction Seaming Tape 8087

Designed to seal seams on housewrap and insulated sheathing products. It can also be used to seam polyethylene vapor barrier products as well as to repair holes and tears in these building materials. Taping seams aids in reducing air infiltration, improving the effectiveness of insulation and reducing heating and cooling costs.

**Toll Free Number:** 1-800-362-3550  
**Website:** www.3M.com/industrialtapes

**LEED® Claim:**  
Use of this product helps contribute to LEED® NC, CI, CS EO Credit 4.1 - Low Emitting Materials: Adhesives and Sealants.

3M™ Vent Tape 394

Unique non-woven porous backing that has high air/gas permeability, good burst strength and solids barrier for minimal voids and less clean up. Used in a variety of industrial applications including sealing, holding, reinforcing, identifying, masking, protection and splicing.

**Toll Free Number:** 1-800-362-3550  
**Website:** www.3M.com/industrialtapes

**LEED® Claim:**  
Use of this product helps contribute to LEED® NC, CI, CS EO Credit 4.1 - Low Emitting Materials: Adhesives and Sealants.

3M™ Vent Tape 3294

Air permeable, non-woven backing with an acrylic adhesive that is strip-coated so uncoated areas have higher permeability to help minimize foaming voids. Use in various venting applications requiring high outgassing rates, allow confinement and outgassing of foam insulation.

**Toll Free Number:** 1-800-362-3550  
**Website:** www.3M.com/industrialtapes

**LEED® Claim:**  
Use of this product helps contribute to LEED® NC, CI, CS EO Credit 4.1 - Low Emitting Materials: Adhesives and Sealants.
Industrial Tapes

3M™ Venting Tape 3394
Non-woven, synthetic backing with a low-tack acrylic adhesive. Used in a variety of venting applications, allow the confinement and outgassing of foam insulation, non-woven backing for conformability.

**Toll Free Number:** 1-800-362-3550  
**Website:** www.3M.com/industrialtapes

**LEED® Claim:**
Use of this product helps contribute to LEED® NC, CI, CS EO Credit 4.1 - Low Emitting Materials: Adhesives and Sealants.

3M™ Weather Resistant Film Tape 838
Tape with an acrylic adhesive and Tedlar® PVF backing used for sealing the seams of outdoor building panels, windows and doors as well as similar severe exposure applications, and hinge seal on shower doors.

**Toll Free Number:** 1-800-362-3550

**LEED® Claim:**
Use of this product helps contribute to LEED® NC, CI, CS EO Credit 4.1 - Low Emitting Materials: Adhesives and Sealants.
Industrial Tapes

**3M™ VHB™ Adhesive Transfer Tapes F9473PC**

High Temperature, Moisture and Solvent Resistant. Adhesive thickness 0.010 in. (0.25 mm). Liner material: 58# polycoated Kraft 0.004 in. (0.10 mm).

Utilizes the high performance of 3M™ Adhesive 100MP. Has excellent long-term holding power. Ideal for use in many interior and exterior industrial applications. Used for Industrial Joining and Metal Fabrication. UL Listing 746C.

**Toll Free Number:** 1-800-362-3550
**Website:** www.3M.com/adhesives

**LEED® Claim:**
Use of this product helps contribute to LEED® - NC v2.2; CI v2.0, C&S v2.0 EQ Credit 4.1: Low Emitting Materials: Adhesives & Sealants.

**Environmental/ Energy Advantage:**
100% solids.

---

**3M™ VHB™ Tapes 4611 Family**

The 4611 tape family has a general purpose adhesive on both sides of firm foam. This family of tapes is typically used on metal substrates, and has the added feature of high temperature resistance, making it often suitable for bonding prior to high temperature paint processing. Available in dark gray. Dark gray, closed-cell acrylic foam carrier. High temperature resistance. UL746C.

**Toll Free Number:** 1-800-362-3550
**Website:** www.3M.com/VHB

**LEED® Claim:**
Use of this product helps contribute to LEED® - NC v2.2; CI v2.0, C&S v2.0 EQ Credit 4.1: Low Emitting Materials: Adhesives & Sealants.

**Environmental/ Energy Advantage:**
100% solids. VOC’s are less than 0.40% at 95C (203F); Volatiles (including water) are less than 0.60% at 121C (250F).

---

**3M™ VHB™ Tapes 4622 Family**

3M™ VHB™ tapes have general purpose adhesive on the face side (the side that typically would be bonded first) and multi-purpose adhesive on the liner side (the side exposed when the release liner is removed) of a conformable foam. Available in white. Closed-cell acrylic foam carrier. Apply as low as 32º (0º C).

**Environmental/ Energy Advantage:**  
100% solids. VOC’s are less than 0.40% at 95C (203F); Volatiles (including water) are less than 0.60% at 121C (250F).

---

**3M™ VHB™ Tape 4915F**

3M™ VHB™ Tape 4915F, general purpose acrylic adhesive, thickness 0.060 in. (1.5 mm), red PE film liner. It is colorless making it ideal for bonding transparent materials or for applications where a colored bond line is unacceptable. These tapes have somewhat lower peel, tensile and shear performance than most other VHB due to their inherent softness.

**Toll Free Number:** 1-800-362-3550

100% solids. VOC’s are less than 0.40% at 95C (203F); Volatiles (including water) are less than 0.60% at 121C (250F).
Industrial Tapes

3M™ VHB™ Tapes 4941 Family

This family of 3M™ VHB™ Tapes utilizes multi-purpose acrylic adhesive on both sides of conformable foam. The adhesive provides excellent adhesion to a broad range of high and medium surface energy substrates including metals, glass, and a wide variety of plastics, as well as plasticized vinyl. The conformable foam provides good contact, even with mismatched substrates. Available in gray and black. Gray, closed-cell acrylic foam carrier. Conformable. Good adhesion to many painted metals. Plasticizer resistant. UL 746C.

Toll Free Number: 1-800-362-3550
Website: www.3M.com/VHB
LEED® Claim:
Use of this product helps contribute to LEED® - NC v2.2; CI v2.0, C&S v2.0 EQ Credit 4.1: Low Emitting Materials: Adhesives & Sealants.

Environmental/ Energy Advantage:
100% solids. VOC's are less than 0.40% at 95C (203F); Volatiles (including water) are less than 0.60% at 121C (250F).

3M™ VHB™ Tapes 4945 Family

3M™ VHB™ tapes reliably bond metals, plastics and glass eliminating drilling and unsightly fasteners to enable creation of new material combinations and high impact visual designs. This family of tape has multi-purpose adhesive on both sides of firm foam. White, closed-cell acrylic foam carrier. Plasticizer resistant. UL 746C.

3M™ ControLtac™ Graphic Film with Comply™ Adhesive 3545C and 3M™ Scotchcal™ Overlaminates 8908 and 8909

3M™ ControLtac™ Graphic Film with Comply™ Adhesive Films 3545C and RG3545C are 4-mil films with a slideable and repositionable, pressure-activated adhesive with air release channels for fast and easy application. These films, which are removable, are ideal for medium-term graphics for fleet or commercial vehicles and indoor or outdoor graphic applications. They are designed for screen printing, piezo inkjet printing and electrostatic imaging. Overlaminates provide indoor and outdoor graphics protection against the elements, including defense against damaging UV rays. Overlaminate 8908 has a luster finish and overlaminate 8909 has a matte finish.

Toll Free Number: 1-800-328-3908
Website: www.3MGraphics.com

LEED® Claim:
When used for refurbishment applications, use of this product helps contribute to LEED® CI v2.0- MR credit 1.2, 1.3 (Building Reuse); CI v2.0- MR credit 3.1, 3.2, 3.3 (Resource Reuse); and LEED® NC v2.2- MR 1.3, 3.1, 3.2. Refer to 3M Product and Instruction Bulletins for recommended end uses and instructions on how to process and apply graphic film.

Environmental/ Energy Advantage:
Use of graphic films instead of paint can eliminate VOC emissions from the painting process. These graphic films meet flammability performance requirements for certain building and transit applications. These are polyolefin films.

3M™ Light Enhancement Film 3635-100

3M™ Light Enhancement Film 3635-100 is a 5.5 mil film with a patented matte white diffuse reflective surface. It provides more than 94% reflectivity for increased light output and greater sign luminance, improving lighting efficiency, which may result in energy savings. Use it to cover all interior opaque surfaces within single-sided, internally illuminated cabinets such as signs and light boxes, channel letters, informational graphic light boxes, vending and dispensing machines and more. It can be electronically cut and thermoformed. Refer to 3M Product Bulletin 3635-100 for complete details.

Toll Free Number: 1-800-328-3908
Website: www.3MGraphics.com

LEED® Claim:
Use of this product helps comply with LEED®2009 NC- EA Prerequisite 2, (Minimum Energy Performance); EA Credit 1: (Optimize Energy Performance); CI- EA Prerequisite 2, (Minimum Energy Performance); EA Credit 1.1: (Optimize Energy Performance); CS- EA Prerequisite 2, (Minimum Energy Performance); EA Credit 1; EB O&M- EA Prerequisite 2, (Minimum Energy Performance); EA Credit 1.

Environmental/ Energy Advantage:
Use of this film can eliminate painting and VOC emissions from the painting process. In addition, it increases available light to allow sign manufacturers to decrease lighting components, resulting in less energy use.
3M™ Scotchcal™ ElectroCut™ Graphic Film Series 7725SE

3M™ Scotchcal™ Dusted and Frosted Crystal Films can be used for special effects. These special effect films allow the creation of distinctive designs and light effects on glass. These affordable films provide an etched or sand blasted appearance. The films can be applied to glass, acrylic or polycarbonate.

Toll Free Number: 1-888-650-3497
Website: www.3MArchitecturalMarkets.com

LEED® Claim:
See www.3Marchitecturalmarkets.com for current LEED points available.

Environmental/ Energy Advantage:
Used on exterior windows to reduce glare, natural daylight improves indoor aesthetics and may decrease the need for additional artificial lighting and energy consumption.

3M™ Wall Decorating Film IJ86E

3M™ Wall Decorating Film IJ86E is a 6-mil changeable film. Its pressure-activated adhesive features slideability, repositionability and air release channels, for fast and easy, bubble-free graphic installation. Use this film for a variety of indoor graphic applications that are printed with UV inkjet ink and UV screen printing.

Toll Free Number: 1-800-328-3908
Website: www.3MGraphics.com

LEED® Claim:
When used for refurbishment applications, use of this product helps contribute to LEED® CI v2.0- MR credit 1.2, 1.3 (Building Reuse); CI v2.0- MR credit 3.1, 3.2, 3.3 (Resource Reuse); and LEED® NC v2.2-MR 1.3, 3.1, 3.2. Refer to 3M Product and Instruction Bulletins for recommended end uses and instructions on how to process and apply graphic film.

Environmental/ Energy Advantage:
Use of graphic films instead of paint can eliminate VOC emissions from the painting process. Use of UV inks on films such as this can eliminate VOC emissions associated with solvent inks. This is a polyolefin film.
3M™ DI-NOC™ Architectural Finishes

The 3M™ DI-NOC™ Architectural Finishes include over 500 designs to offer unlimited creativity and architectural freedom. Now you can create a multitude of visual experiences with the added assurance of 3M's time-proven experience. 3M™ DI-NOC™ Architectural Finishes are self adhesive flexible laminate films which are ideal for resurfacing and refurbishing hard smooth surfaces, including flat panels, doors, furniture, retail units. Easy and quick to use, 3M™ DI-NOC™ Architectural Finishes transform existing surfaces for amazing results. Additionally, its ability to mold around complex shapes means it can be used for curved and rounded profiles as well (See product bulletin).

Toll Free Number: 1-888-650-3497
Website: www.3MArchitecturalMarkets.com
LEED® Claim:
See www.3MArchitecturalMarkets.com for current LEED points available.
Environmental/ Energy Advantage:
3M™ DI-NOC™ Architectural Finishes can contribute to LEED® Sustainability credits by reducing items sent to the landfill through the maintaining and reusing the existing stock of walls, doors and frames, built in case goods, furniture, etc. through its innovative architectural finishes. With its variety of textures and patterns, these substrates and more, can be refreshed to a totally new look and feel.

3M™ Primer WP-2000

3M™ Primer WP-2000 is especially designed for use with 3M™ DI-NOC™ Architectural Finishes at areas of extreme bending or porous substrates. It provides long term adhesion for permanent installations without the odor of solvent based primers.

Toll Free Number: 1-888-650-3497
Website: www.3MArchitecturalMarkets.com
LEED® Claim:
Use of this product helps contribute to LEED® CI v2.0- EQ (Indoor Environmental Quality) Credit 4.2- Low emitting materials.
Environmental/ Energy Advantage:
3M™ Primer WP-2000 is specially designed for areas requiring low VOC's. WP-2000 is a water based primer for application in areas of added stress that require extra bonding strength. WP-2000 has a VOC limit of 62 g/L, below the VOC limit of 350 g/L for specialty primers.
3M™ Daylighting Film DF2000PE

3M™ Daylighting Film DF2000PE is a polymeric film providing specular reflection with greater than 99% luminous reflectivity for wavelengths from 400 nm to 775 nm (visible light). This high rate of reflectivity is especially important in applications where light is transferred or directed through multiple reflections. For example, when directing daylight down a duct or a tube with 20 points of reflection, going from 99 to 98% reflectivity (a 1% decrease) will cause a decrease in light output of up to a 20%. This metal-free, non-corroding and non-conducting film is well-suited for daylighting applications. It has a pressure sensitive adhesive for a secure bond and a polyethylene liner to protect its reflective surface during installation (See product bulletin).

Toll Free Number: 1-888-650-3497
Website: www.3MArchitecturalMarkets.com
LEED® Claim:
See www.3MArchitecturalMarkets.com for current LEED points available.

Environmental/ Energy Advantage:
This product is extremely efficient at reflecting visible wavelengths of light and can increase the efficiency of lighting or the use of daylight. Using this product to efficiently transfer daylight to the building interior, can reduce the energy required for lighting as well as improving the quality of the environment.

3M™ Daylighting Radial Lens Film DRLP22

3M™ Daylighting Radial Lens Film DRLP22 is a continuous web of 4-inch square UV-stabilized polycarbonate lenses. On one side are optical-quality circular prisms 0.0008 inches in depth. The other side of the 0.022-inch film has a smooth finish. The lenses are designed to capture sunlight from a wide range of angles and uniformly distribute the light from its lens surface to an interior space. The unique lens design reduces glare and eliminates hot spots, and because of the optical grade plastic used, the film does not alter the colors of the transmitted light. A majority of the light is contained in a cone angle of 90 degrees. This feature allows lighting designers to efficiently illuminate floor areas and maintain adequate ambient levels on the walls (See product bulletin).

Toll Free Number: 1-888-650-3497
Website: www.3MArchitecturalMarkets.com
LEED® Claim:
See www.3MArchitecturalMarkets.com for current LEED points available.

Environmental/ Energy Advantage:
This product is extremely efficient at reflecting visible wavelengths of light and can increase the efficiency of lighting or the use of daylight. Using this product to efficiently transfer daylight to the building interior, can reduce the energy required for lighting as well as improving the quality of the environment.
Lighting Solutions

3M™ High Luminance Light Fiber

3M™ High Luminance Light Fiber is an especially brilliant type of fiber that creates a bright, visually uniform effect (See product bulletin). Features include: compliments neon and LED chip strips, high durability- resists breakage, fiber is flexible, design flexibility with clean appearance, ideal for indoor and outdoor applications, remote light source, cool to touch, no electrical hazard along fiber, low voltage alternatives, easy to change light source.

Toll Free Number: 1-888-650-3497
Website: www.3MArchitecturalMarkets.com

LEED® Claim:
See www.3MArchitecturalMarkets.com for current LEED points available.

Environmental/ Energy Advantage:
When paired with energy efficient solid state light sources, 3M™ High Luminance Light Fiber offers opportunity for energy savings over traditional light sources. 3M™ High Luminance Light Fiber is a more environmentally preferable solution than fluorescent or neon lights because it contains no mercury or heavy metals. Furthermore, 3M™ High Luminance Light Fiber is safer for use in public areas that are sensitive to glass breakage from traditional light sources.

### Cleaning Sponges & Cloths

Scotch-Brite™ Extra Heavy Duty Pot 'n Pan Handler 88

The most aggressive scouring pad. Quickly removes stubborn dirt and grime from kitchen and maintenance equipment. Removes heavily encrusted baked-on food from pots and pans. For use in place of metal sponges.

**Toll Free Number:** 1-800-626-8578  
**Website:** www.3M.com/building

**LEED® Claim:**
Use of these products helps contribute to LEED® EB v2.0 - MR Credit 5.1-5.3 Occupant Recycling, LEED® EB v2.0 IUOM Credit 1.1 - 1.4 Innovations in Upgrades, Operations and Maintenance, LEED® EB Operations & Maintenance - MR Credit 5.1-5.3 Occupant Recycling, LEED® EB Operations & Maintenance - Innovation Credit 1.1- 1.4: Innovation in Operations, LEED® EB v3.0 - MR Credit 7: Solid Waste Management - Ongoing Consumables, LEED® EB v3.0 -IO Credit 1: Innovation in Operations. LEED(R) EB O&M MR Credit 7

**Environmental/ Energy Advantage:**
Scotch-Brite™ Hand Pads are engineered for high performance and durability. In side-by-side same product comparisons, Scotch-Brite™ Extra Heavy Duty Pot ‘n Pan Scour Pad 88 is more aggressive than similar competitive pads removing two to three times as much baked-on food from cookware and dishes. Being more aggressive means that less effort is required and less time is needed to complete each cleaning operation.
Scotch-Brite™ General Purpose Scouring Pad 96

Synthetic scouring pad is excellent for common cleaning jobs. Performs well on kitchen equipment, walls, railings, floors, desks, stairways, counters and maintenance equipment.

**Environmental/ Energy Advantage:**
The Scotch-Brite™ Quick Clean Griddle Cleaning System contains no caustic soda and is formulated with ingredients that are explicitly listed as “Generally Recognized as Safe” (GRAS) in food by the U.S. FDA. The formulation and intended application of the product has also been reviewed by a third party law firm specializing in food contact regulations, and when used as directed, can be said to fully comply with all applicable US Food Additive regulations. The long-handle design of the Scouring Pad Holder and Squeegee sold with this kit can also help reduce the chance for burns by keeping the users hands away from the hot griddle surface.
Scotch-Brite™ Quick Clean Griddle Liquid 701

A powerful griddle cleaning liquid that is safe for use on food contact surfaces. Loosens and lifts carbonized grease and food soil upon contact on a hot griddle for easy removal. No strong chemical odors or irritating fumes. Formulation does not contain caustic soda found in other griddle cleaning chemicals.
