**PRODUCT DISCONTINUATION NOTICE**

Change to 529-05-20 Remote Alarm, Audible  
Discontinuation of 529-05-21 Remote Alarm, Strobe Light  
Discontinuation of 529-05-23 Y-Plug Adapter

Valued 3M Distributors:

The following announcement pertains to three accessories that are used with the **256-02-00 and 256-02-01 Portable Compressed Air Filter and Regulator Panel** products.

Effective immediately, the "529-05-20 Remote Alarm, Audible" product will include a strobe light in addition to the audible alarm that is already a part of the product. The product name will change to "529-05-20 Remote Alarm and Strobe" to reflect this change, but the product number (529-05-20), UPC number (00051138 72016 2), and 3M stock number (78-8124-0016-2) will remain the same.

Current users of the 529-05-20 Remote Alarm will note that the new product has an audible alarm that is 110 dB as compared to the previous 119 dB alarm. 3M is cognizant of the potential impact of this change, but the previous alarm is no longer available.

Picture	Marketplace Formal Name	3M ID	UPC
	3M™ Remote Alarm and Strobe 529-05-20, Audible 1/Case	78-8124-0016-2	00051138720162

With the modified 529-05-20 Remote Audible Alarm and Strobe available, 3M is announcing the discontinuation of the 529-05-21 Remote Alarm Strobe Light and the 529-05-23 Y-Plug Adapter. These products will be discontinued on December 1, 2011. After this date, these products will be available for purchase until inventory is depleted or March 1, 2012, whichever is sooner. The recommended replacement for customers who require a strobe light indicator is the newly modified 529-05-20 Remote Audible Alarm and Strobe as described above.
