Polyolefin Adhesion Promoter
05907

Technical Data
July 2017

Product Description
A specially designed adhesion promoter for use when repairing low surface energy plastics such as thermopolyolefin (TPO). 3M™ Polyolefin Adhesion Promoter is designed to be used in conjunction with 3M adhesives; refer to specific adhesive product Directions For Use. Do Not use on sheet molded compound (SMC) and fiberglass reinforced polyester (FRP) repairs.

Features
- Increases adhesion of 3M™ two-part adhesives to low surface energy plastics
- Simple aerosol application

Product Uses
To promote the adhesion of two-part adhesive repair materials to thermopolyolefin type and other low surface energy plastics.

For professional use only. Not intended for retail sale.
3M™ Polyolefin Adhesion Promoter
05907

Typical Performance Properties

Note: The following technical information and data should be considered representative or typical only and should not be used for specification purposes.

Dry time: 5 minutes @ 70°F

Directions for Use

1. Apply one light coat over a sanded surface and allow to dry for 5 minutes.
2. Complete next steps in repair process (refer to adhesive materials for specific directions for use).
3. If repair surface becomes contaminated or if adhesive is not applied within 24 hours, re-sand the surface and apply fresh adhesion promoter.

Applications

See “Product Uses” above.

Storage and Handling

HANDLING
Avoid eye contact with vapors, mists, or spray. Avoid breathing of vapors, mists or spray. Do not eat, drink or smoke when using this product. Wash exposed areas thoroughly with soap and water. Aerosol container contains flammable gas under pressure. Keep away from heat, sparks, open flame, pilot lights and other sources of ignition. Do not spray near flames or sources of ignition. Avoid static discharge. Ground containers securely when transferring contents. Wear low static or properly grounded shoes. Do not pierce or burn container, even after use. Avoid contact with oxidizing agents. For industrial or professional use only. Keep out of the reach of children.

STORAGE
When stored at the recommended conditions in original, unopened containers, this product has a shelf of 36 months from the date of manufacture. Store away from acids and oxidizing agents. Store away from heat. Store out of direct sunlight. Keep container tightly closed. Do not store containers on their sides.
Precautionary Information

Before using this product, please reference Product Label and/or Safety Data Sheet for Health and Safety Information. Note: Laws controlling the acceptable amounts of Volatile Organic Compounds (VOC’s) vary by state, and in some cases by locality. For surface preparation and clean-up activities, consult federal, state and local regulations regarding use of products containing VOCs in your area.

Technical Information

The technical information, recommendations and other statements contained in this document are based upon tests or experience that 3M believes are reliable, but the accuracy or completeness of such information is not guaranteed.

Product Use

Many factors beyond 3M’s control and uniquely within user’s knowledge and control can affect the use and performance of a 3M product in a particular application. Given the variety of factors that can affect the use and performance of a 3M product, user is solely responsible for evaluating the 3M product and determining whether it is fit for a particular purpose and suitable for user’s method of application.

Warranty, Limited Remedy, and Disclaimer

Unless an additional warranty is specifically stated on the applicable 3M product packaging or product literature, 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY OR CONDITION ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. If the 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M’s option, replacement of the 3M product or refund of the purchase price.

Limitation of Liability

Except where prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.
