Breathable and Light Duty Protection

The 3M™ Protective Coverall 4500 is designed for general purpose, non-hazardous applications. It is strong and comfortable and is ideal for use in warehouses, general manufacturing, DIY, packaging or cleaning.

The Power to Protect Your World™

4500

CE SIMPLE

Protective Coverall 4500

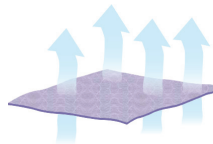

Whether it is for domestic DIY use or light duty industrial cleaning and maintenance applications, the 4500 is an excellent economic solution to protect against non-hazardous liquids and dust.

Key Features

- Strong, durable polypropylene fabric
- Storm flap over zip
- Elasticated hood, cuffs, ankles and waist
- Available in blue and white

Fabric material

The 4500 is made from a 45gsm single layer of spun bond polypropylene ensuring it is soft and breathable, but sufficiently robust and protective for general

Application*

Popular Choice

- Light duty cleaning
- Warehousing
- Janitorial
- Domestic DIY

*In all cases, a risk assessment should be carried out. Always read product user information. Use limitations and performance data should be considered to ascertain the protection required. If in doubt, contact a safety professional.
