

Technical Datasheet

3M™ 4800 Safety Goggles

Product Description

The 3M™ 4800 Safety Goggle includes a ventilation system intended to reduce lens fogging. This ventilation system is positioned on the under-side of the goggle to reduce exposure to liquid droplets.

Product Range

71347-00001	3M™ 4800 Goggles PC
71347-00004	3M™ 4800 Goggles PC AF

Intended Use

These products are intended for protection against high speed particles at medium energy (B) at room temperature conditions in accordance with EN166:2001. These products also provide protection against liquid droplets (3).

Key Features

- Optical class 1 lens suitable for prolonged use
- An anti-fog coating version is available
- Total weight 66g

Applications

These products can be used in a wide range of applications including:

- Construction
- General assembly
- Maintenance and repair
- Mechanical work
- Woodworking

Standards and Approval

This protective eyewear has been shown to meet the basic safety requirements under Article 10 of the European Community Directive 89/686/EEC and is thus CE marked.

These products have been examined at the design stage by INSPEC International Ltd., 56 Leslie Hough Way, Salford, Greater Manchester, M6 6AJ, United Kingdom (Notified Body number 0194). These products are tested and CE approved against EN166:2001.

Marking

The products have demonstrated compliance with the requirements of EN 166:2001 and associated standards and bear the following marks:

Clear Lens	3M 1 B
Frames	3M 4800 EN166 B 3 CE

Materials Listing

Component	Material
Lens	Polycarbonate
Frame	PVC
Headband	Elastic webbing (natural rubber latex)

Use Limitation

- Never modify or alter this product
- Do not use this product against hazards other than those specified in this document.
- This product is not suitable for grinding
- Not suitable for protection against large dust particles.

Explanation of Marking

Marking	Description
1	Optical class
B	Impact protection against high speed particle at medium energy (120m/s)
3	Field of use: Liquid Product protects against liquid droplets.
