Polycarbonate and Trivex meet the ANSI Standard as Impact Rated Protectors when inserted into an impact rated frame.

## WARRANTY

3M Company will replace any defective products at no charge if the following conditions occur within one year from date of purchase:

- Lens breakage (not a warranty against scratches)
- Frame breakage
- Coating failure (peeling or crazing)
- Corrosion of any frame component
- All warranties are voided if abnormal or excessive product abuse has occurred. Any product warranty request must be accompanied by the product in question.

## POLICIES & PROCEDURES

### 3M No-FAULT POLICY

3M will process a change with a simple telephone call from the Eye Care Professional. This policy expedites the reorder process and ensures that the eye glass wearer receives their replacement eyewear promptly.

### PRESCRIPTION CHANGES

Any request for changes to a prescription, due to a doctor's or optician's change, will be processed according to the following policy:

- 1) 3M will replace any prescription or order change at no charge if the change is equal to or less than the original. A request for a more expensive replacement will require a charge for the difference in price. Subsequent prescription changes or order changes for the same eye glass wearer will be charged at 100%.
- 2) 3M will charge 50% on any prescription change or optician change request after 60 days from purchase.
- 3) Any request after six months from purchase date will be subject to an invoice for full price.

A limited one-year scratch warranty is offered on Scotchgard SC Easy Clean, SuperCote, AR with SuperCote and Scotchgard AR. Claims limited to one replacement per order.

A one-year warranty is offered on DX Rx Anti-Fog coating. DX Rx is compatible with plastic or polycarbonate only. It is not compatible with other lens materials, coatings or tints and is not offered with AR, SuperCote, Mirrors or Intimidator lenses.

If the eye glass wearer is unable to adapt to their PALs, 3M will replace the lenses with any multifocal lens at no charge within 60 days from date of purchase. After 60 days replacement lenses will be charged at full price.

Any request for an order change due to an eye glass wearer's change in preference will be charged at 50% of the original invoice price for up to 60 days, and at full price thereafter. A request for a more expensive item will require a charge for the difference in price.

### PRESCRIPTION LENS REPLACEMENT

Unless prohibited by state law, 3M will process an order for eyewear where the prescription is less than two years old. We urge our customers to visit their Eye Care Professional to ensure that their prescription is accurate and current.

### REDOS

Redos (Remakes) must be returned to the laboratory (address listed below). For fabrication errors, doctor's prescription changes, optician's changes and customer changes, please telephone 3M's Customer Service Center to obtain a RMA number (Return Material Authorization).
