ZT35

Group D PLUS

Newest addition to the 3M ZT Collection featuring removable TPE seals for robust eye protection

ZT35 features:

- Integrated lateral coverage
- Plastic materials for consideration when working near electrical hazards
- Flexible, latex-free, Thermoplastic Elastomeric (TPE) seals that provide close-fitting, comfortable coverage of the eye area
- Removable TPE seals allow ZT35 to adapt to both dirty, gritty and windy environments as well as normal work conditions
- Removable temples with optional head strap allow the user to wear the eyewear closer fitting to the head and face
- Replacement head strap and TPE seals sold separately
- No Rx limitations; polycarbonate lenses recommended
- Meets ANSI Z87.1-2010 and CSA Z94.3 Standards

Matte Gray with Black Trim

Shiny Black with Blue Trim

Consider adding 3M's Anti-Fog Coating to help reduce fogging when TPE seals are in place.

Head Strap Included

Removable Temples

Can be worn with or without TPE seal

ZT35
