3M™ Pentamix™ Mixing Tip – Red For all 3M™ Pentamix™ Automatic Mixing Devices

Here's a tip to make things even easier.

Authentic 3M mixing tips ensure a void-free, homogeneous mix.

Choose the 3M™ Penta™ Mixing Tip—Red to ensure consistent mixing quality. The tips are easy to insert with a grey cover plate (instead of translucent) which provides better visibility and gives you more control of the insertion. Unlike generic or counterfeit products, the authentic 3M mixing tips have been tested to ensure they work with all Pentamix machines.

Always use 3M Penta Mixing Tips – Red in your Pentamix mixing device to ensure proper mixing and impression results.

Compatible with all 3M™ Pentamix™ Automatic Mixing Units.

The Penta Mixing Tip – Red works with the Pentamix, Pentamix 2, Pentamix 3 and the Pentamix Lite devices.

3M™ Pentamix™ 2
Automatic Mixing Unit

3M™ Pentamix™ 3
