

3M Abrasive Systems
3M™ Finesse-it™ Refining Disc 3000

Large area repair.
More time to spare.

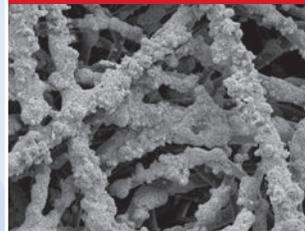

Unique fiber coating technology.

The 3M™ Finesse-it™ Refining Disc is constructed with more mineral sites than competitive discs. Each strand is coated with mineral, ensuring the mineral is where it can be the most effective.

3M™ Finesse-it™ Refining Disc

Typical Competitive Disc

3M™ Finesse-it™ Refining Disc 3000

Lofty and conformable construction with a flat abrading surface works fast to refine sand scratches. Tightly graded mineral particles coat each fiber for consistent, uniform performance throughout the life of the disc.

- Reduces the time it takes to buff.
- Designed for medium and large area applications.
- Non-woven works great dry or wet.
- Available standard stock in 3", 5" and 6" discs.
