

Product Description

3M™ Economy White Floor Pad is a floor pad for dry polishing of protected floors. 3M™ Economy White Floor Pad is made of synthetic fiber in an open textured non-woven construction. Polishing particles are dispersed throughout and bonded with a soft resin. Each floor pad has a pre-cut centre hole.

Characteristics

These are typical values for unprocessed product.

Characteristics	Value
Material	Synthetic, polyester fibers
Colour	White
Marking	None
Thickness	25 mm
Center hole	Pre-cut at 85 mm
Performance	Dry polishing

Directions for Use

3M™ Economy White Floor Pad is recommended for dry polishing of protected floors under standard and high speed rotary floor machines.

Dry buffing

- Install a clean floor pad under the machine pad holder
- Dust mop the area or clean it with using a 3M cleaning floor pad
- Dry buff a section of floor using a couple of passes
- Then move onto to next section, repeat this process covering the total floor area required
- Dust mop entire floor area
- Remove pad and wash after use

Note: Floors must be clean, free of soil and in a dry condition prior to dry buffing.

Maintenance and Cleaning

- Remove pad from floor machine after each use and shake to remove dust
- Rinse wash under tap water to allow soil and debris to wash out
- Can be cleaned in a washing machine if necessary
 - Note: Machine washing floor pads may shrink it about 20 mm after the first washing cycle. Recommended washing-machine temperature is 40 °C (higher temperatures will decrease the life of the pad)
- Hang the pad up or leave it against a vertical surface for drying

Note: Do not use a wet pad!

Country of Origin

Made in the U.S.A with Globally Sourced Materials in a 3M plant – ISO 9001: 2015 and ISO 14001: 2015 certified

Health and Safety

When handling any chemical products, read the manufacturer's container labels and the Safety Data Sheets (SDS) for important health, safety and environmental information.

[Follow the link to obtain SDS sheets for 3M products on 3M.com/SDS.](#)

[Follow the link to obtain information about substances of very high concern \(SVHC\).](#)

IMPORTANT! When using any equipment, always follow the manufacturer's instructions for safe operation.

Warranty Information

Limited Remedy

This bulletin provides technical information only.

3M recommended product end uses are listed in each 3M product bulletin. End uses not listed in the applicable 3M Product Bulletins are typically not eligible for 3M Warranties. For non-recommended and/or non-warranted end uses or applications, users must test and approve the end uses or applications, assume any associated risks, and acknowledge that 3M has no liability for such end uses or applications. Please contact your 3M representative with any questions about applications, end uses, and warranties.

Limitations of liability

All questions of warranty and liability relating to this product are governed by the terms and conditions of the sale, subject, where applicable, to the prevailing law.
