**PRODUCT DISCONTINUATION NOTICE**

**3M™ Particulate Respirator 9210, N95 and 3M™ Particulate Respirator 9211, N95**

Dear 3M Distributors:

As part of 3M's ongoing efforts to provide innovative products with additional value and features, we are discontinuing the 3M™ Particulate Respirator 9210 N95 and the 3M™ Particulate Respirator 9211 N95. The *3M™ Aura™ Particulate Respirator 9210+ N95* and the *3M™ Aura™ Particulate Respirator 9211+ N95* are the suggested replacements respectively. The Aura™ series of disposable respirators offer more comfortable braided headbands, a chin tab for easier donning and a sculpted nose panel for improved comfort.

The 3M™ Particulate Respirator 9210 N95 and the 3M™ Particulate Respirator 9211 N95 will be discontinued effective October 1<sup>st</sup>, 2014. After this date, these products will be available for purchase until inventory is depleted.

3M encourages customers to transition to the suggested replacement products as soon as possible so they are prepared when the October 1, 2014 discontinuation occurs, especially for those customers who will need to fit-test their users in the new model(s).

**Discontinued Products**
