

**Scotch No. 665 Double Coated Tape**

**DESCRIPTION:**

A transparent plastic film tape with adhesive on both sides. Adhesives are long-aging synthetics and are stain resistant. Very good resistance to sunlight degradation; linerless.

**CHARACTERISTICS:**

Backing: UPVC film  
 Adhesive: Synthetic  
 Adhesion to Steel: 23 oz./in. width  
 Tensile Strength: 19 lbs./in. width  
 Total Thickness: 3 mils

FEATURES	ADVANTAGES	BENEFITS
Synthetic adhesive	Extremely long-aging	Won't dry out or stain and eliminates reapplication, saving time and money
	Firm adhesive coated on both sides	No adhesive ooze, sticks and holds instantly, no drying time, and makes jobs easier
Transparent backing	Thin	Won't catch or snag other papers, saves stacking and filing space, and makes job easier
	Strong and moisture resistant	Reduces breakage, saving time, money and makes job easier

**IMPORTANT NOTICE TO PURCHASER:** All statements, technical information and recommendations contained herein are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and, except where prohibited by law, the following is made in lieu of all express or implied rights, warranties and conditions, statutory or otherwise: Seller's and manufacturer's only obligation shall be to repair or replace, at manufacturer's option, such quantity of the product proved to be defective. Neither seller nor manufacturer shall be liable in Contract or in Tort, for any injury, loss or damage, direct, indirect, incidental, special or consequential, (including, without limitation, lost profits, goodwill, or business opportunity) arising out of the use of or the inability to use the product. Before using, user shall determine the suitability of the product for his intended use, and user assumes all risk and liability whatsoever in connection therewith. No statement or recommendation not contained herein shall have any force or effect unless in an agreement signed by offices of seller and manufacturer. Since the manufacturer of the product described in this document has no means of controlling the final use of the product by the consumer or user, it is the responsibility of the immediate purchaser and any intermediate seller(s) to inform the user of the purposes for which the product may be fit and suitable and of the properties of the product, including the precautionary measures which must be taken in order to ensure the safety of the users and of other third persons and property.

**APPLICATIONS:**

1. Attach insurance endorsements, seal envelopes, attach computer printouts to paper, and mend books.
2. Attach photos or swatches to albums.

**TECHNICAL NOTES:**

1. Do not expose to temperatures above 120°F.
